ECON/51/2364	Domestic Violence Service - Lot 1: Prevention and Early Intervention Service	Quality and Interaction	Southampton City Council (the 'Council') in partnership with Southampton City CCG (the 'CCG') is seeking to appoint service provider(s) to deliver a range of domestic abuse and sexual violence services. These services have been split into two lots: the first will cover prevention, early intervention and the second, refuge services. These services will form a key and integral part of a wider integrated service model that will deliver significant improvements across Southampton for victims of domestic abuse and sexual violence. This Lot is for the Prevention and early intervention service which will be available to individuals, including families, identified at low/medium and low risk and living in Southampton. The service(s) will be proactive in the early identification of individuals and families where domestic abuse and sexual violence is present. Service will encompass education and public awareness, identification and access to advice and support, and intervention and support for victims and families. The service must be delivered in a manner that reflects the City's diverse population to include, (but not restricted to) older people, BME and transition groups (young people turning 18). N/A	PMIS5 Software	Transactions and Universal Services	The current internally designed and supported PMIS5 system is antiquated and no longer fit for purpose. The new PMIS5 system has been designed specifically for Port Health Authorities. It has been running successfully for 7 years and has proven to assist in securing controls at the border. It is recognised nationally by DEFRA and the Food Standards Agency who are the central competent Authorities providing the approval for Southampton City Council to operate a border inspection post. The system itself will reduce duplication of effort, meaning that data is entered into the system once and then passed to other statutory information systems. It will also allow for pre-paying of accounts by customers which is in line with the Finance Transformation Project and will save on staff time. It will also allow SCC to provide a fit for purpose modern service to port customers and allow SCC to manage the increasing volume of containers coming through the port with existing staff. 376	SPECIALIST WATER TREATMENT 2017	Adults Housing and Communities	Southampton City Council (SCC) is seeking to appoint suitably qualified suppliers to assist in the delivery of services to ensure that their Housing Stock water quality and controls are in line with current legislation. The aim is to conduct monitoring and maintenance within our properties and initiate a capital programme of remedial works across the city to reduce the overall risk rating and ensure all installations are compliant. Due to mixed trade's teams will also be undertaking monitoring, maintenance and remedial work. In order to maintain transparency two separate contractors are required, one to assess the quality of the water systems and identify any non-compliance corrective works (Lot One), and the second to carry out routine maintenance and corrective works as identified by the first contractor (Lot Two). Contractors are invited to bid for both parts of this tender however no single contractor can be awarded both.
