| N/A | PHOLIS Software | Transactions and Universal Services | The current internally designed and supported PHOLIS system is antiquated and no longer fit for purpose.<br>The new PHOLIS system has been designed specifically for Port Health Authorities. It has been developed by the Port Health Authorities in Southampton, Felixstowe and Tilbury. It is linked upon financially by DEFRA and the Food Standards Agency who are the central competent Authorities providing the approval for Southampton City Council to operate a border inspection post. The system itself will reduce duplication of effort, meaning that data is entered into the system once and then passed to other statutory information systems. It will also allow for pre-paying of fees and charges, which is a requirement of the Food Standards Agency and DEFRA from April 2018 onwards. It will also allow SCC to provide a fit for purpose modern service to our customers and allow SCC to manage the increasing volume of customers coming through the port with existing staff.<br><br>PQQ310-16 spend was £113,706.70 | Suffolk Coastal GC | £ | 532,000 | | 20/07/2015 | 22/07/2019 | 22/07/2018 | | | | | |
