ECON/33/2395	HealthWatch	Quality and Integration	The purpose of the Service is that it will be representative of the diverse communities living in Southampton, including young people, and provide, through intelligence, a real opportunity for people to influence the future planning, commissioning and delivery of publicly funded health and social care, provide a high quality information and signposting service to help people access and make choices about services as well as provide a professional, person centred, independent complaints advocacy service to support people if they need help to complain about NHS services; and economy by demonstrating that it has the appropriate level of skills and competencies required to deliver its statutory functions to the highest possible level. It will gain the trust of the general public as well as other health and social care stakeholder groups by being responsive and acting on concerns when things go wrong. It will operate effectively and efficiently so that the local authority can demonstrate value for money against an agreed set of outcomes. N/A	PHILIS Software	Transactions and Universal Services	The current internally designed and supported PHIMS system is antiquated and no longer fit for purpose. The new PHILIS system has been designed specifically for Port Health Authorities. It has been running successfully for 7 years and has proven to assist in ensuring controls at the border. It is looked upon favourably by DEFRA and the Food Standards Agency who are the central competent Authorities providing the approval for Southampton City Council to operate a border inspection post. The system itself will reduce duplication of effort, meaning that data is entered into the system once and then passed to other statutory information systems. It will also allow for pre-paying of accounts by customers which is in line with the Finance Transformation Project and will save on staff time. It will also allow SCC to provide a fit for purpose modern service to port customers and allow SCC to manage the increasing volume of containers coming through the port with existing staff. ECR/01/2364	Domestic Violence Service - Lot 1: Prevention and Early Intervention Service	Quality and Integration	Southampton City Council (the 'Council') in partnership with Southampton City CCG (the 'CCG') is seeking to appoint service provider(s) to deliver a range of domestic abuse and sexual violence services. These services have been split into two lots: the first will cover prevention, early intervention and the second, refuge services. These services will form a key and integral part of a wider integrated service model that will deliver significant improvements across Southampton for victims of domestic abuse and sexual violence. This lot is for the prevention and early intervention service which will be available to individuals, including families, identified at low/medium and low risk living in Southampton. The service(s) will be proactive in the early identification of individuals and families where domestic abuse and sexual violence is a risk. Services will encourage education and public awareness, identification and access to advice and support, community development and recovery services. The services must be delivered in a manner that reflects the City's diverse population to include, (but not restricted to) older people, BME and transition groups (young people turning 18). ECR/01/2364	Domestic Violence Service - Lot 2: Refuge Service	Quality and Integration	Southampton City Council (the 'Council') in partnership with Southampton City CCG (the 'CCG') is seeking to appoint service provider(s) to deliver a range of domestic abuse and sexual violence services. These services have been split into two lots: the first will cover prevention, early intervention and the second, refuge services. These services will form a key and integral part of a wider integrated service model that will deliver significant improvements across Southampton for victims of domestic abuse and sexual violence. This lot is for the refuge service which will seek to provide a minimum of 30 refuge spaces and welcomes providers who see potential to provide more refuge spaces as a result of efficiencies with wider service opportunities. The refuge service will also include support to individuals and families in the refuge. Resettlement as well as developing outreach and peer support. The services must be delivered in a manner that reflects the City's diverse population to include, (but not restricted to) older people, BME and transition groups (young people turning 18).
