EC09/01/1720	Water and Sewage Supplies	Growth	Supply of water and sewage collection and services, although no formal corporate contract exists there is no opportunity for competition and the Council is obliged to pay for these services. SCC seek to promote social inclusion and economic development through Southampton becoming a first class Wi-Fi and next generation enabled Wireless Network city, whilst at the same time maximising on the opportunities that this brings in terms additional revenue through the use of SCC owned assets and/or buildings. SCC tendered the above opportunity on 22nd May 2013; with the intention of letting a services concession for the use of council-owned structures and assets to facilitate the installation and operation of infrastructure for a "limited free to use" and publicly accessible wireless network available in, but not limited to: Southampton City Centre, Southampton waterfront and the key transport corridors in and around the City of Southampton. (It was anticipated that a "free to use" time limited service would be provided with charges applying for use after the initial "free to use" period). In return for the above, the council required an annual guaranteed fixed rental plus a share of the profits / revenues of the network from the successful bidder in exchange for granting 5 years exclusively, with extension options of up to a further period of 5 years, of use by the network of council-owned structures and assets. SCC also required that the successful bidder would be required to have commenced installation of the network within 3 months of the contract award. EC09/01/1393	Design, Build and Advertising on Gateways	Intelligence, Insight & Communications	Southampton City Council (the "Council") in partnership with Southampton City CCG (the "CCG") is seeking to appoint service provider(s) to deliver a range of domestic abuse and sexual violence services. These services have been split into two lots: the first will cover prevention, early intervention and the second, refuge services. These services will form a key and integral part of a wider integrated service model that will deliver significant improvements across Southampton for victims of domestic abuse and sexual violence. This lot is for the prevention and early intervention service which will be available to individuals, including families, identified at low/medium and low risk and living in Southampton. The service(s) will be proactive in the early identification of individuals and families where domestic abuse and sexual violence is present. Services will encompass education and public awareness, identification and access to advice and support, community development and recovery services. The services must be delivered in a manner that reflects the City's diverse population to include, (but not restricted to) older people, BME and transition groups (young people turning 18). 			Please see attached the proposed framework we wish to call off in relation to website advertising. SCC current use the Council Advertising Network (CAN) which was procured through a request for exemption as a pilot project. The pilot has been successful and the service area has submitted a request for contract to get something in to place once the pilot expires. Harrow have set up a single supplier framework agreement which is open to us to call off without any charge; details attached. It should be noted there is no expenditure to this procurement, CAN will pay us a revenue share from the income of advertising.													
			Info from Richard Pearson's email: We appointed the Council Advertising Network (CAN) to display advertising on the council's website and internet for a 12 month pilot period. The pilot period ends on 12 January 2019 so I need to look at my procurement options. I did a fair amount of market research before appointing CAN and they have a fairly unique position in the market whereby the specialist in public sector website advertising - with this comes an in-depth understanding and knowledge of council restrictions and issues when it comes to advertising. There were no serious competitors and indeed CAN serve around 80% of councils who have advertising on their websites (the rest sell their own advertising directly). I would be happy to continue using them and they are available to procure through a national framework that has been set up by Harrow - they have listed all local authorities in England on their OIEU notice.													
			Any questions let me know.													
			Kind regards
