

HACKNEY CARRIAGE AND PRIVATE HIRE POLICY STATEMENT 2021

1. VISION STATEMENT

- 1.1 The overriding factor in licensing is the safety of the public. This policy sets out how Southampton City Council will apply legislation to maintain public safety, to ensure users of licensed vehicles receive a safe and pleasant service and those providing the service are appropriately rewarded and protected.

2. INTRODUCTION

- 2.1 The Council and those who provide taxi and private hire services share the aim of providing a safe, reliable and efficient service. This document and its appendices set out the policies and conditions applied to taxi and private hire licensing.
- 2.2 The Council has an overriding duty to protect the public. In setting its policies and licence conditions the Council has to ensure this is done but in such a manner that does not unnecessarily restrict prosperous business within the trades.
- 2.3 It therefore makes sense for the Council and those who drive, operate and own taxis and private hire vehicles to work together. Council officers and members representing the licensing committee will hold regular meetings with taxi trade reps.
- 2.4 The Council is responsible for issuing licences and making policy and conditions. Elected councillors set these. Officers of the council, or their agents, put them into practice. Appendices 1 to 5 set out the specific policy and conditions for the 5 types of licensing. As hackney carriage drivers cannot have conditions applied to their licences the council has adopted a code of conduct for drivers to set standards expected. This is at Appendix 9
- 2.5 Section 177(4) of The Policing and Crime Act 2017 enables the Secretary of State for Transport to issue statutory guidance on exercising taxi and private hire vehicle licensing functions to protect children and vulnerable individuals who are over 18 from harm when using these services.
- 2.6 In carrying out these functions Councillors and officers must have regard to the Statutory guidance. "Having regard" is more than having a cursory glance at a document before arriving at a preconceived conclusion
- 2.7 There is evidence to support the view that taxis and private hire vehicles are a high-risk environment. In terms of risks to passengers, this can be seen in abuse and exploitation of children and vulnerable adults facilitated and, in some cases, perpetrated by the trade and the number of sexual crimes reported which involve taxi and private hire vehicle drivers. For those in the trade they are at risk of abuse, assault and theft.
- 2.8 Although it remains the case that licensing authorities must reach their own decisions, both on overall policies and on individual licensing matters in light of the relevant law, it may be that the Statutory Taxi and Private Hire Vehicle Standards might be drawn upon in any legal challenge to an authority's practice, and that any failure to adhere to the standards without sufficient justification could be detrimental to the authority's defence.
- 2.9 The Statutory Taxi and Private Hire Vehicle Standards does not purport to give a definitive statement of the law and any decisions made by a licensing authority remain a matter for that authority.

- 2.10 The Statutory Guidance recommends all licensing authorities make publicly available a cohesive policy document that brings together all their procedures on taxi and private hire vehicle licensing. This should include but not be limited to policies on convictions, a 'fit and proper' person test, licence conditions and vehicle standards.
- 2.11 When formulating a taxi and private hire vehicle policy, the primary and overriding objective must be to protect the public. The importance of ensuring that the licensing regime protects the vulnerable cannot be overestimated.
- 2.12 Any changes in licensing requirements will be followed by a review of the licences already issued. If the need to change licensing requirements has been identified, this same need is applicable to those already in possession of a licence. Where appropriate licence holders will be given time to meet any new requirements. For more subjective changes such as a change in convictions policy each case will be determined on its own merits. Where there are exceptional, clear and compelling reasons to deviate from policy the authority will consider doing so and record the reasons for doing so.

3. CONSULTATION

- 3.1 Southampton City Council will consult on proposed changes in licensing rules that may have significant impacts on passengers and/or the trade. Such consultation will include not only the taxi and private hire vehicle trades but also groups likely to be the trades' customers.
- 3.2 As any decision taken to alter the licensing regime is likely to have an impact on the operation of the taxi and private hire vehicle sector in neighbouring areas Southampton City Council will engage with these areas to identify any concerns and issues that might arise from a proposed change.
- 3.3 Officers, members of the licensing committee and representatives agreed by the council will meet quarterly to discuss matters relevant to the trade. A code of conduct for these meetings is at appendix 6.
- 3.4 Southampton City Council officers attend the Hampshire and Isle of Wight Licensing Officers Group meetings to discuss licensing matters including taxi matters.

4. DURATION OF LICENCES

- 4.1 The Local Government (Miscellaneous Provisions) Act 1976 (as amended) sets a standard length at three years for taxi and private hire vehicle drivers and five years for private hire vehicle operators. Driver licences will be given an expiry date at the end of the month prior to the birth month. Any shorter duration licence should only be issued when the licensing authority thinks it is appropriate in the specific circumstances of the case, if a licensee has requested one or where required (e.g. when the licence holder's leave to remain in the UK is time-limited) or when the licence is only required to meet a short-term demand; they should not be issued on a 'probationary' basis.
- 4.2 Vehicle licences cannot be for more than one year. To manage the renewal process and spread demand across the year Southampton City Council has allocated plate expiry dates to blocks of licences. See the table below. For new vehicle applications this will mean the grant of the licence will be for a period less than one year. Applicants will always be offered the longest period that is available. For licences that are less than 6 months in duration a reduced fee will be charged.

5. WHISTLEBLOWING

Southampton City Council has a whistleblowing ([Duty to Act](#)) policy. This sets out the process for staff to report concerns if policies are not being correctly applied.

6. INFORMATION TO BE CONSIDERED FOR APPLICATIONS

- 6.1 The licensing authority will consider all relevant information when determining the suitability of an applicant or current licence holder. The following is not an exhaustive list.
- 6.2 Southampton City Council will require drivers to subscribe to the DBS update service and undertake an enhanced DBS check including both the children and adult barred lists. Other licence holders will be required to undergo standard DBS checks.

- 6.3 Southampton City Council maintain a close link with the police and other regulatory bodies and when necessary share information for the purpose of determining applications.
- 6.4 Licence holders are required to notify the authority within 48 hours of an arrest and release, charge or conviction of any sexual offence, any offence involving dishonesty or violence and any motoring offence. An arrest for any of the offences within this scope will result in a review as to whether the licence holder continues to be fit.
- 6.5 Southampton City Council will share with other authorities and on the National NR3 site details of any licence revoked or refused. The authority will carry out checks of applicants and licence holders on the NR3 database. The authority will only release the reasons for any such decision on an official and legal request from another authority.
- 6.6 Southampton City Council will share with other authorities, upon receipt of the appropriate request, details of any complaints or enquiries received regarding a licence holder.
- 6.7 The licensing team will maintain contacts with various departments within the Council and partners such as Children and Adult Services, School transport commissioning teams and community wardens to assist in identifying and reporting on risks linked to the taxi and private hire trades.
- 6.8 The licensing team will keep a separate record of all complaints and enquiries relating to licence holders, both current and expired. This will include the date, nature of the complaint, the licence complained about and result.
- 6.9 Applicants that have been aboard for a period in excess of 6 months in any one year in the previous 5 years will be required to obtain a certificate of good conduct from the country/countries they visited in that time. Any inability to obtain such a certificate will result in the application being refused.

7. ENFORCING THE LICENSING REGIME

- 7.1 Southampton City Council will work with relevant enforcement agencies such as the police and other local authorities to ensure any licensed vehicle or driver working in Southampton, regardless of the authority that licences them, meets any national standards and is legally compliant.
- 7.2 Complaints and condition breaches will be monitored and considered when assessing the suitability of any applicant.
- 7.3 Southampton City Council will ask for complaints to be submitted either through the [‘How to make a complaint’](#) webpage [or email](#) or letter to:

Licensing Team,
Civic Centre,
Southampton.
SO14 7LY

Verbal complaints will only be accepted in exceptional circumstances.

8. DECISION MAKING

- 8.1 Southampton City Council will ensure any individuals involved in determining licensing applications are appropriately trained. For officers determining to grant licences this will involve training on the legislation, including case law, on taxi and private hire legislation. These officers will be provided with refresher training as and when required.

- 8.2 For officers and any Councillors involved in making a determination whether to suspend, revoke or refuse a licence the training will be annual and delivered by a legal professional well versed in licensing legislation, including, but not limited to, hearing processes, decision making and taxi legislation.
- 8.3 Public safety is the paramount consideration, but the discharge of licensing functions must be undertaken in accordance with the following general principles:
- policies will be used as internal guidance and is supported by a member/officer code of conduct.
 - any implications of the Human Rights Act will be considered.
 - the rules of natural justice will be observed.
 - decisions will be reasonable and proportionate.
 - where a hearing is required it will be fairly conducted and allow for appropriate consideration of all relevant factors.
 - decision makers must avoid bias (or even the appearance of bias) and predetermination.
 - data protection legislation
- 8.4 When a decision maker has a prejudicial interest in a case, whether it be financial or a personal relationship with those involved they must declare their interest at the earliest opportunity; this must be prior to any discussions or votes and, once declared, they will not participate in the determining process.
- 8.5 Each case will be considered on its own merits.

9. REGULATORY STRUCTURE

- 9.1 Southampton City Council's constitution sets out how the functions and responsibilities will be carried out.
- 9.2 The Licensing Committee will determine policy and from the committee it delegates to the Licensing (General) sub committee the determination of licences.
- 9.3 The Service Manager for licensing also has delegated authority to determine licences. The Licensing manager will use this authority
- in urgent cases when the continuance of any licence poses a risk to the public or
 - in cases that are a clear breach of policy or
 - to deal with minor breaches when suspension is considered and the chair of the licensing committee or their deputy agree the licensing manager can make the determination.
- 9.4 In each case the licensing manager will liaise with the chair of the licensing committee or their deputy before making the determination except in urgent cases when it is not practicable to delay making the determination.
- 9.5 The licensing manager will not normally be involved in any investigations, however should the manager be involved in an investigation the decision must be referred to the sub committee.

10. FIT AND PROPER TEST

- 10.1 Licensing authorities have a duty to ensure that any person to whom they grant a taxi or private hire vehicle driver's licence is a 'fit and proper' person to be a licensee. When assessing whether an applicant or licensee is fit and proper the following question will be considered:

Without any prejudice, and based on the information before you, would you allow a person for whom you care, regardless of their condition, to travel alone in a vehicle driven by this person at any time of day or night?

- 10.2 If, on the balance of probabilities, the answer to the question is 'no', the individual should not hold a licence.
- 10.3 Licensing authorities have to make difficult decisions, but the safeguarding of the public is paramount. All decisions on the suitability of an applicant or licensee will be made on the balance of probability. This means that an applicant or licensee should not be 'given the benefit of doubt'. If the committee or delegated officer is only "50/50" as to whether the applicant or licensee is 'fit and proper', they will not hold a licence. The threshold used here is lower than for a criminal conviction (that being beyond reasonable doubt) and can take into consideration conduct that has not resulted in a criminal conviction.

11. SUITABILITY TO HOLD A TAXI OR PRIVATE HIRE LICENCE

- 11.1 To assist in applying the fit and proper test Southampton City Council has taken note of the Department for Transport recommendation in their Statutory Taxi and Private Hire standards and the Institute of Licensing Guidance on determining the suitability of applicants and licensees in the hackney carriage and private hire trades. Appendix 7 has been adopted as the policy for determining the suitability to hold a licence.

12. DRIVER MEDICALS

- 12.1 Southampton City Council have adopted the DVLA Group 2 medical standards for all drivers. See appendix 8

13. EQUALITY ACT 2010

- 13.1 Southampton City Council is committed to an accessible public transport system in which disabled people have the same opportunities to travel as other members of society. Hackney Carriages and Private Hire Vehicles are a vital link in the accessible transport chain, and it is important that people who use wheelchairs or assistance dogs can have confidence that drivers will accept them and their wheelchair or assistance dog and carry them at no extra charge.
- 13.2 Southampton City Council maintains a list of wheelchair accessible vehicles which can be [here](#).
- 13.3 See appendix 10 for the policy for drivers to obtain medical exemptions from the obligations placed upon them by the Equality Act 2010.

ADDITIONAL INFORMATION

Please note that this information does not form part of Southampton City Council's licence policy or conditions

Drivers, proprietors and operators of licensed hackney carriages and private hire vehicles are reminded of the other statutory duties and restriction placed on them, amongst which are the following:

Smoking

The Health Act 2006 prohibits the smoking of tobacco or any other substance by anyone in a licensed hackney carriage or private hire vehicle. The legislation applies at all times whilst the vehicle remains licensed, thus smoking remains prohibited when the vehicle is not hired or not for hire.

Every licensed vehicle is required to carry appropriate signage under the Smoke-free (Signs) Regulations 2007. Guidance and signs are available from: <http://www.smokefreeengland.co.uk/resources/guidance-and-signage.html>

Assistance Dogs

The Equality Act 2010 imposes a duty on licensed drivers and operators to convey any guide, hearing or other assistance dog in a licensed hackney carriage or private hire vehicle. Drivers must:

- carry assistance dogs accompanying disabled people;
- do so without additional charge; and
- allow the dog to remain with the passenger

Operators must:

- accept bookings made by a person who will be accompanied in a PHV by such a disabled person; and
- not make an additional charge for carrying the assistance dog

If a driver has a medical condition, such as severe asthma, which is aggravated by contact with dogs, or is allergic or has an acute phobia to dogs, it may be possible for them to qualify for an exemption. Please discuss this with the licensing team in the first instance, to whom application for exemption must be made. The driver will be required to produce conclusive medical evidence in support of his application.

Please note that the law does not allow for an exemption to be granted on religious grounds.

Note For the avoidance of doubt all of the above requirements shall be deemed to form both the Council’s policy (i.e. pre requisite to the grant of the licence) as well as conditions subject to which the licence is granted (which will continue to apply throughout the duration of the licence, as appropriate. As a result, any requirement which requires action or implementation prior to the grant of the licence is to be considered the Council’s policy and any requirement to be complied with after the grant of the licence is a condition and compliance is required for the duration of the licence.

DRAFT

Taxi Trade Representatives Code of Conduct

Introduction

There is no legal requirement for the Licensing Authority to have any consultation process with the Taxi and Private Hire trade other than the discreet issues concerning fees for Vehicle and Operators licences and taxi fare revisions where formal notices must be given.

It is, however, considered to be a matter of good practice that a formal framework exists for two way exchange of views.

The purpose of consultation is defined as:

- A two way exchange of information, dialogue and discussion
- To hear views, comments and concerns of the trade
- To receive information, comments, and concerns of the Licensing Team, Members and the Council as a whole.
- Not a decision making forum
- Where matters of a particular concern and where appropriate, matters raised can be referred to the Licensing Committee where a formal decision can be made.

It should be borne in mind that consultation does not necessarily mean agreement with and that consultation meetings cannot be decision making meetings. The Council and the licensing trades are keen to develop a relationship built on trust, openness and honesty.

1. Common Principles

- 1.1 All elements of the Code apply equally to trade representatives, councillors and officers, (called “participants”, unless otherwise stated).
- 1.2 Participants are required at all times to act in a civil manner. Personal attacks, offensive, abusive or racist comments are not acceptable.
- 1.3 In carrying out their role, no participant will discriminate against any person in a manner that is contrary to the Equality Act 2010 and Council’s Equal Opportunities Policy. All participants acknowledge that everybody has the right to be treated with dignity and respect, regardless of ethnic or national origins, disability, gender, marital status, age, sexuality, religion or any other matter which causes people to be treated with injustice.

2. Officer code

- 2.1 At all times, officers shall act in a professional manner and shall treat participants with courtesy and respect.
- 2.2 Officers shall use reasonable endeavours to make themselves available to meet with participants providing reasonable notice is given of the meeting and demands are not excessive.
- 2.3 Officers will, providing sufficient notice has been given, supply information to participants regarding issues raised. This will not include information relating to individuals (except at that

individual's request and with their written consent) which is confidential and data protected. Officers have a responsibility to adhere to the Data Protection Act 2018 and GDPR.

- 2.4 The Council is committed to being open and transparent.
- 2.5 "Reasonable notice" will be at least 14 working days prior to any meeting or information request, unless a shorter timescale has been agreed.
- 2.6 Officers will not provide any more or less favourable services to any participants.

3. Representatives' Code

- 3.1 Representatives shall be courteous at all times in their dealings with each other, officers and councillors.
- 3.2 Representatives have a responsibility to accurately report the views of the persons they represent and to accurately feedback those views to the trade in general. If anyone makes a personal point they must state clearly this is their own personal view and not those of the group.
- 3.3 There may be occasions where officers cannot give their personal views about the policies, management, staff or elected members of the Council and should not be pressed to do so.
- 3.4 Representatives must respect the impartiality of officers and must undertake not to make party political statements.
- 3.5 From time to time representatives will have access to sensitive and confidential information which is not yet in the public domain. When representatives are advised that information is confidential or where it is clear by the nature of the information or the purpose of the meeting that the information is confidential, that information must not be disclosed to others under any circumstances. This includes discussions outside of the meeting(s) or with any participants' partners and/or family/friends. Participants may be required to sign a confidentiality statement before the start of the confidential section of the meeting. The Council will explain why this information is confidential. Such information must not be used for personal gain.

4. All Participants

- 4.1 Participants shall respect all individuals' confidentiality, whether present or not, and should not mention specific individual cases in public meetings which may cause embarrassment to or identification of an individual or a member of that person's family.

5. Standards for meetings

- 5.1 The Chair of the licensing committee will chair the meeting or nominate another member of the licensing committee to chair the meeting in their absence.
- 5.2 The Agenda will be followed unless amended by agreement of the chair. The meetings will last no more than 2 hours.
- 5.3 It is intended to hold four meetings a year, approximately one every three months. The Chair of the licensing committee will determine if there is a need to either cancel or arrange for further meetings.

6. Representatives' contact with the Media

- 6.1 Any participant who wishes to express their own individual views to the media must make it clear that the view being expressed is the participant's own view and not that of any group/body.
- 6.2 Representatives can seek advice from the Council's Communications Team if they would like assistance before making any statement to the media. You can contact the Council's media team on 023 8083 2000
- 6.3 It is recommended that all statements to the media should be in written format to ensure that there is no confusion over what has been said and an audit trail is available. Media contact should be made by email wherever possible.
- 6.4 Information given to the media:–
- Should not identify any individual or enable any identification of any individual unless that person has consented to their identification.
 - Must be factual and must not be party political.

7. Political affiliation

- 7.1 Individual participants may be affiliated to or be members of a political party but may not represent a political party in their role as a participant of a group.
- 7.2 No party political references should be made during meetings.
8. Breaches of Code of Conduct
- 8.1 If it comes to the Council's attention that there has been a breach of this Code by a participant, the Licensing Manager and Chair will be informed and the Council will take such action against the individual as appropriate.
- 8.2 Such action may include but is not limited to:
- Verbal or written warning;
 - Removal from a specific meeting
 - Time limited suspension
 - Termination as a representative and exclusion from re-election, either permanently or for a fixed period of time.

9. Appeals process

- 9.1 If an individual or group is not satisfied with the Council's decision to suspend or terminate an individual as a representative then they may appeal against the decision through the Council's formal Customer Complaints Procedure.
- 9.2 Until any appeal has been determined by the Customer Complaints Procedure, the decision will remain in force. The time limit for any exclusion will run from the date of the original decision and not the outcome of the appeal process.

GUIDANCE ON DETERMINING THE SUITABILITY OF APPLICANTS IN THE HACKNEY CARRIAGE AND PRIVATE HIRE TRADES

1. There is no evidence which can provide precise periods of time which must elapse after a crime before a person can no longer be considered to be at risk of re-offending, but the risk reduces over time. In light of that, the suggested timescales below are intended to reduce the risk to the public to an acceptable level.
2. Many members of our society use, and even rely on, hackney carriages and private hire vehicles to provide transportation services. This can be on a regular basis, or only occasionally, but in all cases passengers, other road users and society as a whole must have confidence in the safety and suitability of the driver, the vehicle itself and anyone involved with the booking process.
3. All those involved in the hackney carriage and private hire trades (hackney carriage and private hire drivers, hackney carriage and private hire vehicle owners and private hire operators) should be persons of the highest integrity. This is true, of the vast majority of those involved in these trades, they are decent, upstanding, honest and hard-working individuals. Unfortunately, as in any occupation or trade, there are those few who fail to conform to those standards.
4. The purpose of this document is to offer guidance on how licensing authorities can determine whether a particular person is safe and suitable either to be granted a licence in the first place or to retain such a licence. A policy can be robust, and if necessary, say never, and each case is then considered on its own merits in the light of that policy.

Pre-application requirements

5. Licensing authorities are entitled to set their own pre-application requirements. These will vary depending upon the type of licence in question but can include some or all of the following (these are not exhaustive lists):

Vehicles:

- Basic DBS checks;
- Specifications e.g. minimum number of doors, minimum seat size, headroom, boot space etc;
- Mechanical tests and tests of the maintenance of the vehicle e.g. ripped seats etc;
- Emission limits/vehicle age limits;
- Wheelchair accessibility requirements.

Drivers:

- Enhanced DBS checks with update service;
- Checks made to the National Anti Fraud Network database on refusals and revocations of hackney carriage and private hire licences (when available);
- Medical checks;
- Knowledge of the geographic area;
- Spoken and written English tests;
- Disability awareness training;
- Child sexual exploitation and safeguarding training.

Operators:

- Basic DBS checks;
- Details of their vetting procedures for their staff;
- Knowledge of the licensing area.

6. In relation to each of these licences, the licensing authority has discretion as to whether to grant the licence.
7. Drivers and operators cannot be granted a licence unless the authority is satisfied that they are a "fit and proper person" to hold that licence (see Local Government (Miscellaneous Provisions) Act 1976 ss 51 and 59 in respect of drivers; s55 in respect of operators).
8. There are no statutory criteria for vehicle licences, therefore the authority has an absolute discretion over whether to grant either a hackney carriage or private hire proprietor's licence.
9. "Fit and proper" means that the individual (or in the case of a private hire operator's licence, the limited company together with its directors and secretary, or all members of a partnership) is "safe and suitable" to hold the licence.
10. In determining safety and suitability the licensing authority is entitled to take into account all matters concerning that applicant or licensee. They are not simply concerned with that person's behaviour whilst working in the hackney carriage or private hire trade. This consideration is far wider than simply criminal convictions or other evidence of unacceptable behaviour, and the entire character of the individual will be considered. This can include, but is not limited to, the individual's attitude and temperament.
11. Convictions for attempt or conspiracy will be regarded as convictions for the substantive crime. A caution is regarded in exactly the same way as a conviction. Fixed penalties and community resolutions will also be considered in the same way as a conviction.
12. It is important to recognise that matters which have not resulted in a criminal conviction (whether that is the result of an acquittal, a conviction being quashed, decision not to prosecute or an investigation which is continuing where the individual has been bailed) can and will be taken into account by the licensing authority. In addition, complaints where there was no police involvement will also be considered. Within this document, any reference to "conviction" will also include matters that amount to criminal behaviour, but which have not resulted in a conviction. However appropriate weight must be applied to the evidence available.
13. In the case of any new applicant who has been charged with any offence and is awaiting trial, the determination will be deferred until the trial has been completed or the charges withdrawn. Where an existing licensee is charged, it will be for the licensing authority to decide what action to take in the light of these guidelines.

14. In all cases, the licensing authority will consider the conviction or behaviour in question and what weight should be attached to it, and each and every case will be determined on its own merits, and in the light of these guidelines.
15. Any offences committed, or unacceptable behaviour reported whilst driving a hackney carriage or private hire vehicle, concerning the use of a hackney carriage or private hire vehicle, or in connection with an operator of a private hire vehicle will be viewed as aggravating features, and the fact that any other offences were not connected with the hackney carriage and private hire trades will not be seen as mitigating factors.
16. As the licensing authority will be looking at the entirety of the individual, in many cases safety and suitability will not be determined by a specified period of time having elapsed following a conviction or the completion of a sentence. Time periods are relevant and weighty considerations, but they are not the only determining factor.
17. In addition to the nature of the offence or other behaviour, the quantity of matters and the period over which they were committed will also be considered. Patterns of repeated unacceptable or criminal behaviour are likely to cause greater concern than isolated occurrences as such patterns can demonstrate a propensity for such behaviour or offending.
18. Most applicants or licensees will have no convictions and that is clearly the ideal situation. In relation to other people, it is accepted that human beings do make mistakes and lapse in their conduct for a variety of reasons, and it is further accepted that many learn from experience and do not go on to commit further offences. Accordingly, in many cases an isolated conviction, especially if committed some time ago, may not prevent the grant or renewal of a licence.
19. It is also important to recognise that once a licence has been granted, there is a continuing requirement on the part of the licensee to maintain their safety and suitability. The licensing authority has powers to take action against the holder of all types of licence (driver's, vehicle and operator's) and it must be understood that any convictions or other actions on the part of the licensee which would have prevented them being granted a licence on initial application will lead to that licence being revoked.
20. Any dishonesty by any applicant or other person on the applicant's behalf which is discovered to have occurred in any part of any application process (e.g. failure to declare convictions, false names or addresses, falsified references, cheating in tests) will result in a licence being refused, or if already granted, revoked and may result in prosecution.
21. As the direct impact on the public varies depending upon the type of licence applied for or held, it is necessary to consider the impact of particular offences on those licences separately. However, there are some overriding considerations which will apply in all circumstances.
22. Generally, where a person has more than one conviction, this will raise serious questions about their safety and suitability. The licensing authority is looking for safe and suitable individuals, and once a pattern or trend of repeated offending is apparent, a licence will not be granted or renewed.
23. Where an applicant/licensee is convicted of an offence which is not detailed in this guidance, the licensing authority will take that conviction into account and use these guidelines as an indication of the approach that should be taken.
24. These guidelines do not replace the duty of the licensing authority to refuse to grant a licence where they are not satisfied that the applicant or licensee is a fit and proper person. Where a situation is not covered by these guidelines, the authority must consider the matter from first principles and determine the fitness and propriety of the individual.

Drivers

25. As the criteria for determining whether an individual should be granted or retain a hackney carriage driver's licence are identical to the criteria for a private hire driver's licence, the two are considered together.
26. A driver has direct responsibility for the safety of their passengers, direct responsibility for the safety of other road users and significant control over passengers who are in the vehicle. As those passengers may be alone, and may also be vulnerable, any previous convictions or unacceptable behaviour will weigh heavily against a licence being granted or retained.
27. As stated above, where an applicant has more than one conviction showing a pattern or tendency irrespective of time since the convictions, serious consideration will need to be given as to whether they are a safe and suitable person.
28. In relation to single convictions, the following time periods should elapse following completion of the sentence (or the date of conviction if a fine was imposed) before a licence will be granted.

Crimes resulting in death

29. Where an applicant or licensee has been convicted of a crime which resulted in the death of another person or was intended to cause the death or serious injury of another person they will not be licensed.

Exploitation

30. Where an applicant or licensee has been convicted of a crime involving, related to, or has any connection with abuse, exploitation, use or treatment of another individual irrespective of whether the victim or victims were adults or children, they will not be licensed. This includes slavery, child sexual exploitation, grooming, psychological, emotional, financial or domestic abuse, but this is not an exhaustive list.

Offences involving violence

31. Where an applicant has a conviction for an offence of violence, or connected with any offence of violence, a licence will not be granted until at least 10 years have elapsed since the completion of any sentence imposed.

Possession of a weapon

32. Where an applicant has a conviction for possession of a weapon or any other weapon related offence, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

Sex and indecency offences

33. Where an applicant has a conviction for any offence involving or connected with illegal sexual activity or any form of indecency, a licence will not be granted.
34. In addition to the above, the licensing authority will not grant a licence to any applicant who is currently on the Sex Offenders Register or on any 'barred' list.

Dishonesty

35. Where an applicant has a conviction for any offence of dishonesty, or any offence where dishonesty is an element of the offence, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

Drugs

36. Where an applicant has any conviction for, or related to, the supply of drugs, or possession with intent to supply or connected with possession with intent to supply, a licence will not be granted until at least 10 years have elapsed since the completion of any sentence imposed.
37. Where an applicant has a conviction for possession of drugs, or related to the possession of drugs, a licence will not be granted until at least 5 years have elapsed since the completion of any sentence imposed. In these circumstances, any applicant will also have to undergo drugs testing at their own expense to demonstrate that they are not using controlled drugs.

Discrimination

38. Where an applicant has a conviction involving or connected with discrimination in any form, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

Motoring convictions

39. Hackney carriage and private hire drivers are professional drivers charged with the responsibility of carrying the public. It is accepted that offences can be committed unintentionally, and a single occurrence of a minor traffic offence would not prohibit the granting of a licence or may not result in action against an existing licence. However, applicants or licence holders with multiple motoring convictions may indicate that an applicant or licence holder does not exhibit the behaviours of a safe road user and one that is suitable to drive professionally.
40. Any motoring conviction while a licensed driver demonstrates that the licensee may not take their professional responsibilities seriously. However, it is accepted that offences can be committed unintentionally, and a single occurrence of a minor traffic offence may not necessitate the revocation of a taxi or private hire vehicle driver licence providing the authority considers that the licensee remains a fit and proper person to retain a licence.

Drink driving/driving under the influence of drugs/ using a hand-held telephone or hand-held device whilst driving

41. Where an applicant has a conviction for drink driving or driving under the influence of drugs, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence or driving ban imposed. In these circumstances, any applicant will also have to undergo drugs testing at their own expense to demonstrate that they are not using controlled drugs.
42. Where an applicant has a conviction for using a held-hand mobile telephone or a hand-held device whilst driving, a licence will not be granted until at least five years have elapsed since the conviction or completion of any sentence or driving ban imposed, whichever is the later. .

Other motoring offences

43. A minor traffic or vehicle related offence is one which does not involve loss of life, driving under the influence of drink or drugs, driving whilst using a mobile phone, and has not resulted in injury to any person or damage to any property (including vehicles). New applicants with more than 6 points on their licence will be refused. Any holders of a current driver's licence will be required to undertake a driver awareness course as directed by the licensing authority and pass a driver assessment within 2 months of conviction. Any failure and the licence will be revoked.

44. A major traffic or vehicle related offence is one which is not covered above and also any offence which resulted in injury to any person or damage to any property (including vehicles). It also includes driving without insurance or any offence connected with motor insurance. Where an applicant has a conviction for a major traffic offence or similar offence, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

Hackney carriage and private hire offences

45. Where an applicant has a conviction for an offence concerned with or connected to hackney carriage or private hire activity (excluding vehicle use), a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

Vehicle use offences

46. Where an applicant has a conviction for any offence which involved the use of a vehicle (including hackney carriages and private hire vehicles), a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

Private Hire Operators

47. A private hire operator (“an operator”) does not have direct responsibility for the safety of passengers, other road users or direct contact with passengers who are in the private hire vehicle (except where they are also licensed as a private hire driver). However, in performing their duties they obtain and hold considerable amounts of personal and private information about their passengers which must be treated in confidence and not revealed to others, or used by the operator or their staff for criminal or other unacceptable purposes.
48. As stated above, where an applicant has more than one conviction, serious consideration will need to be given as to whether they are a safe and suitable person.
49. Operators must ensure that any staff that are used within the business (whether employees or independent contractors) and are able to access any information as described above are subject to the same standards as the operator themselves. This can be effected by means of the individual staff member being required by the operator to obtain a basic DBS certificate. If an operator is found not to be applying the required standards and using staff that do not meet the licensing authority’s overall criteria, that will lead to the operator’s licence being revoked.
50. As public trust and confidence in the overall safety and integrity of the private hire system is vital, the same standards will be applied to operators as those applied to drivers, which are outlined above.

Vehicle proprietors

51. Vehicle proprietors (both hackney carriage and private hire) have two principal responsibilities.
52. Firstly, they must ensure that the vehicle is maintained to an acceptable standard at all times.
53. Secondly, they must ensure that the vehicle is not used for illegal or illicit purposes.
54. As stated above, where an applicant has more than one conviction, serious consideration will need to be given as to whether they are a safe and suitable person to be granted or retain a vehicle licence.
55. As public trust and confidence in the overall safety and integrity of the private hire system is vital, the same standards will be applied to proprietors as those applied to drivers, which are outlined above.

MEDICAL STANDARDS FOR HACKNEY CARRIAGE OR PRIVATE HIRE DRIVERS

All medical reports must be completed by the General Practitioner with whom you are registered (your Doctor).

Medicals are required by all new applicants for hackney carriage or private hire driver's licences. Current licensed drivers will be required to undertake a medicals at ages 45, 50, 55, 60, 65, and annually thereafter, in line with DVLA best practice guidelines. All medicals need to be completed prior to the relevant date, i.e. date of application or birthday and be no more than 4 months old.

Completed medical forms are to be delivered to the licensing office within 4 weeks of completion.

Drivers may be required to undertake further medical examinations if evidence is presented raising doubt on the fitness of the applicant/driver.

The council has the discretion to seek an independent assessment of any completed medical form to assist in forming their decision on the fitness of an applicant/driver.

The council will suspend driver's licences who do not satisfy the council they continue to meet the required standards, this will include no evidence of a satisfactory medical at the above ages or evidence of an emerging health issue likely to impact on the individual meeting the required standard.

Standards for hackney carriage or private hire drivers, as vocational drivers, are higher than those for ordinary car drivers. In line with recommended good practice, the City Council will expect licensed drivers to meet the **Group 2 vocational driver standards**. Please also refer to the most recent version of leaflet INF4D available via <https://www.gov.uk/government/publications/medical-examination-report-d4-information-and-useful-notes>.

Specific medical conditions which may be a bar to obtaining or holding a hackney carriage or private hire driver's licence are as follows: -

1. **Epilepsy or liability to epileptic attacks**

A diagnosis of epilepsy or spontaneous epileptic attack(s) requires 10 years free of further epileptic attack without taking anti-epilepsy medication during that 10-year period. For conditions that cause an increased liability to epileptic attacks, the risk of attacks must fall to that of the general population. The City Council will refuse or revoke the licence if these conditions cannot be met.

2. **Diabetes**

Applicants with insulin treated diabetes will not normally be able to obtain a licence **unless**:

- they held a hackney carriage or private hire driver's licence valid at 1 April 1991 and the City Council's licensing team had knowledge of the insulin treatment before 1 January 1991
- or
- if they are able to provide documentary evidence that their diabetes is consistently well controlled, with reference to the advice in chapter 3 of the latest edition of the DVLA's "At a Glance Guide to the Current Medical Standards of Fitness to Drive" in respect of Group 2 vocational drivers.

If you have any condition other than insulin treated diabetes your Doctor should be able to advise you as to whether you meet the relevant higher medical standards. Please refer to the section "Other Medical Conditions" in this report.

3. Eyesight

All applicants must be able to read in good light with glasses or corrective lenses if necessary, a number plate at 20 metres (65 feet), (post 1 September 2001 font) and, if glasses or contact lenses are required to do so, these must be worn while driving. In addition: -

(i) Visual Acuity

Applicants must have: -

- a visual acuity of at least 6/7.5 (decimal Snellen equivalent 0.8) in the better eye; and
- a visual acuity of at least 6/60 (decimal Snellen equivalent 0.1) in the worse eye; and
- If glasses are worn, the distance spectacle prescription of either lens used must not be of a corrective power greater than plus 8 (+8) dioptries.
- Applicants to whom the following applies may be considered, exceptionally:
- An applicant who held a Southampton hackney carriage or private hire driver's licence after 1 March 1992 and also held that licence on 31 December 1996 and has an acuity of 6/9 (decimal Snellen equivalent 0.6) in the better eye and 6/12 (decimal Snellen equivalent 0.5) in the worse eye and an uncorrected acuity of 3/60 (decimal Snellen equivalent 0.05) in at least one eye.
- An applicant who held a hackney carriage or private hire driver's licence before 1 March 1992 if they can still meet the Group 2 eyesight standards which applied when they first held a Southampton hackney carriage or private hire driver's licence.

Please contact the licensing team if you require further information.

(ii) Visual field

The horizontal visual field should be at least 160 degrees, the extension should be at least 70 degrees left and right and 30 degrees up and down. No defects should be present within a radius of the central 30 degrees.

(iii) Monocular vision

Drivers who have sight in one eye only or their sight in one eye has deteriorated to less than 0.05 (3/60) cannot normally be licensed to drive. Exceptionally, it may be possible for such a driver to be licensed if the Group 2 standards were met before 1 April 1991. You must have a visual acuity of at least 6/12 (decimal Snellen equivalent 0.5) if you held a Southampton hackney carriage or private hire driver's licence on 1 April 1983 or 6/9 (decimal Snellen equivalent 0.6) if you were licensed after that date.

(iv) Uncontrolled symptoms of double vision

If you have uncontrolled symptoms of double vision, or you have double vision treated with a patch, you will not meet the Group 2 standard.

Please note that a failure to meet the epilepsy, diabetes or eyesight requirements will normally result in the refusal of an application.

4. Other Medical Conditions

In addition to those medical conditions mentioned above, an applicant or licence holder is likely to be refused if they are unable to meet the national recommended guidelines in cases of:-

- Within six weeks of myocardial infarction, an episode of unstable angina, CABG or coronary angioplasty
- Angina, heart failure, or cardiac arrhythmia which remains uncontrolled
- Implanted cardiac defibrillator
- Hypertension where the blood pressure is persistently 180 systolic or more or 100 diastolic or more
- A stroke or TIA within the last 12 months
- Unexplained loss of consciousness with liability to recurrence
- Meniere's and other sudden and disabling vertigo, within the last 12 months, with a liability to recurrence
- Insuperable difficulty in communicating by telephone in an emergency
- Major brain surgery and/or recent severe head injury with serious continuing after effects
- Parkinson's disease, multiple sclerosis or other chronic neurological disorders likely to affect safe driving
- Psychotic illness within the past three years
- Serious psychiatric illness
- If major psychotropic or neuroleptic medication is being taken
- Alcohol and/or drug misuse within the last 12 months or alcohol and/or drug dependency or use in the past three years
- Dementia
- Any malignant condition, within the last 2 years, with a significant liability to metastasise to the brain
- Any other serious medical condition likely to affect the safe driving of a hackney carriage or private hire vehicle

5. Tiredness: Sleep Disorders

Up to one fifth of accidents on motorways and other monotonous roads may be caused by drivers falling asleep at the wheel.

Many accidents are attributed to "driver inattention", but once vehicles faults, traffic offences, poor road or weather conditions, alcohol and specific medical causes are excluded, closer inspection suggests driver sleepiness may be the cause. Evidence for this includes the apparent failure to respond to traffic and road conditions generally and in particular the absence of signs of emergency braking.

Driver sleepiness may be caused by modern lifestyles preventing adequate rest. It may be made worse by shift working combined with the monotonous nature of certain types of driving. Alertness fluctuates naturally throughout the day. Driving between 02:00 and 07:00 increases the risk of a sleep related accident. Most people also tend to be less alert during the mid-afternoon or after a heavy meal. All drivers need to address these problems responsibly.

However, some medical conditions may cause excessive sleepiness. These will greatly increase any normal tendency to sleepiness.

The commonest medical cause is **Obstructive Sleep Apnoea Syndrome (OSA)**. This condition occurs most commonly, but not exclusively, in overweight individuals, particularly those with a large collar size. Partners often complain about the snoring and notice that sufferers seem to have irregular breathing during sleep. Sufferers of OSA rarely wake from sleep feeling fully refreshed and tend to fall asleep easily when relaxing.

OSA is one of the few medical conditions that has been shown to increase significantly the risk of traffic accidents. However, once diagnosed, there is very effective treatment available, normally through specialist centres.

The greatest danger is prior to diagnosis, when the significance of the symptoms is not appreciated. A road traffic accident may be the first clear indication of the condition. All drivers, especially professional drivers, and doctors need to be much more aware of the risks of sleepiness from this treatable cause.

The council may also seek an independent assessment of any such report or medical.

MEDICAL EXEMPTION POLICY FOR HACKNEY CARRIAGE AND PRIVATE HIRE DRIVERS UNDER THE EQUALITY ACT 2010

The Equality Act 2010 requires employers and service providers to make ‘reasonable adjustments’ or changes to take account of the needs of disabled employees and customers.

Southampton City Council is committed to an accessible public transport system in which disabled people have the same opportunities to travel as other members of society. Hackney Carriages and Private Hire Vehicles are a vital link in the accessible transport chain and it is important that people who use wheelchairs or assistance dogs can have confidence that drivers will accept them and their wheelchair or assistance dog and carry them at no extra charge.

Section 167 of The Act permits the Licensing Authority to designate Hackney Carriages and Private Hire Vehicles as being wheelchair accessible. The Department for Transport’s Statutory Guidance on Access for wheelchair users recommends that vehicles should only be included in the list if it would be possible for the user of a “reference wheelchair” to enter, leave and travel in the passenger compartment in safety and reasonable comfort whilst seated in their wheelchair. A reference wheelchair is illustrated below:

Vehicles identified as such shall be included on a list of designated vehicles.

Inclusion of a vehicle on the designated list may be appealed under Section 172 to the Magistrates’ Court within 28 days of the vehicles in question being published on the Licensing Authority’s list. Proprietors of all vehicles included on the list will receive a letter detailing the new provisions of the Act and their right of appeal.

The Equality Act 2010 (Section 165) places the following duties on drivers of designated wheelchair accessible Hackney Carriages and Private Hire Vehicles;

- i. To carry the passenger while in the wheelchair;
- ii. Not to make any additional charge for doing so;
- iii. If the passenger chooses to sit in a passenger seat, to carry their wheelchair;
- iv. To take such steps as are necessary to ensure that the passenger is carried in safety and reasonable comfort;
- v. To give the passenger such mobility assistance as is reasonably required

In addition, Sections 168 and 170 places the following duty on drivers of Hackney Carriages and Private Hire vehicles;

- i. To carry the passenger's dog, allowing it to remain with the passenger and not make any additional charge for doing so.

A driver who fails to comply with any of the above is guilty of an offence and may receive a fine if convicted.

In some circumstances a driver of a designated Hackney Carriage or Private Hire vehicle may be unable to fulfil the requirements of the Equality Act 2010 for medical reasons, either short or longer term.

Section 166 of the Act allows licensing authorities to exempt drivers from the duties to assist passengers in wheelchairs if they are satisfied that it is appropriate to do so on medical grounds or because the driver's physical condition makes it impossible or unreasonably difficult for them to comply with the duties.

Sections 169 and 171 of the Act allow licensing authorities to exempt drivers from the duties to transport assistance dogs if they are satisfied that it is appropriate to do so on medical grounds.

To apply for a Medical Exemption Certificate a driver must submit to the Licensing Team an application form along with a medical report from their GP, dated no more than 28 days prior to submission of the application, detailing exactly what duties cannot be undertaken, why they cannot be undertaken and for how long they cannot be undertaken. This assessment will be at the applicant's expense as part of the application process.

Upon receipt the Licensing Manager will consider the evidence and may request further independent medical assessment to decide if the driver is:

- (i) Fit for work
- (ii) Temporarily unfit to carry passengers in wheelchairs and/ or assistance dogs
- (iii) Permanently unfit to carry passengers in wheelchairs and/ or assistance dogs

If the driver is declared fit for work no exemption certificate will be issued and a letter explaining the decision will be given to the driver. If the driver does not agree with the decision to refuse the application for a medical exemption, Section 172 of the Act gives the driver a right to appeal the decision to the Magistrates Court. The driver has 28 days from the date of refusal to appeal.

If the driver is declared temporarily unfit, a temporary exemption certificate of up to three months may be issued. Prior to the expiry of the temporary exemption certificate the driver will contact the Licensing Team to either;

- (i) declare themselves fit, return to normal duties and return the temporary exemption certificate; or
- (ii) arrange a further medical assessment to be submitted for the Licensing Manager to consider extending the exemption certificate.

If the driver is declared permanently unfit to carry passengers in wheelchairs and/ or assistance dogs an Exemption Certificate will be issued. The certificate will include a photograph of the driver who has been granted exemption and must be displayed prominently in the vehicle for public viewing.

The exemption may be reviewed at any time with reference to expert medical evidence, and each case will be reviewed on its own merits. This may result in a further referral to independent medical assessors to determine if the driver remains medically unfit to carry passengers in wheelchairs and/or assistance dogs.
