EC09/01/2095	HealthWatch	Quality and Integration	The purpose of the Service is that it will: be representative of the diverse communities living in Southampton, including young people, and provide, through intelligence, a real opportunity for people to influence the future planning, commissioning and delivery of publicly-funded health and social care; provide a high quality information and signposting service to help people access and make choices about services as well as provide a professional, person centred, independent complaints advocacy service to support people if they need help to complain about NHS services; and appromy by demonstrating that it has the appropriate level of skills and competencies required to deliver its statutory functions to the highest possible level. It will gain the trust of the general public as well as other health and social care stakeholder groups by being responsive and acting on concerns when things go wrong. It will operate effectively and efficiently so that the local authority can demonstrate value for money against an agreed set of outcomes. EC09/01/2120	Wireless "Limited Free to User" Services Concession	Digital and Business Operations	SCC seek to promote social inclusion and economic development through Southampton becoming a first class Wi-Fi and next generation enabled Wireless Network city, whilst at the same time maximising on the opportunities that this brings in terms additional revenue through the use of SCC owned assets and/or buildings. SCC tendered the above opportunity on 22nd May 2013; with the intention of letting a services concession for the use of council-owned structures and assets to facilitate the installation and operation of infrastructure for a "limited free to user" and publicly accessible wireless network available in, but not limited to: Southampton City Centre, Southampton waterfront and the key transport corridors in and around the City of Southampton. (It was anticipated that a "free to use" time limited service would be provided with charges applying for use after the initial "free to use" period). In return for the above, the council required an annual guaranteed fixed rental plus a share of the profits/revenues of the network from the successful bidder in exchange for granting 5 years exclusivity, with extension options of up to a further period of 5 years, of use by the network of council-owned structures and assets. SCC also required that the successful bidder would be required to have commenced installation of the network within 3 months of the contract award.
