REASONS FOR THE DECISION

1. The rapid rise in the number of pupils requiring a school place over the last four or five years, has meant that severe pressure has been brought to bear on the school estate. Forecasts indicate that this pressure is not likely to recede in the foreseeable future.
2. Extra places are already being put in schools in the City Centre and Freemantle areas of the city as a result of the Primary Review Phase 1.
3. The need for extra school places is not restricted to these two areas and is spread over a wide area of the city. Consequently there is a need to expand a number of schools throughout the city by up to 30 places in each year group. This enables demand for school places to be met locally, and reduces the likelihood of young people needing to travel long distances to go to school.
4. If we are to maintain and improve the school experience we offer to our children we must ensure that their learning environment is conducive to a quality education.
5. As a local authority we have a statutory obligation to provide every child who wants one with quality school place. Failure to do so would mean we would be failing in one of our basic duties.
