STATE	STATEMENT OF CONFIDENTIALITY			
None	None			
BRIEF	BRIEF SUMMARY			
will be c	Following national changes to Early Years entitlement in September 2017 the Panel will be considering Early Years provision in Southampton and the potential impact of the 30 hour early education offer in Southampton.			
RECOM	MENDA	TIONS:		
	(i)	That the Panel note the overview of Early Years provision and the potential impact of the 30 hour early years' offer in Southampton.		
REASO	REASONS FOR REPORT RECOMMENDATIONS			
1.	To enable a discussion with the Cabinet Member and officers on Early Years in Southampton.			
ALTER	NATIVE	OPTIONS CONSIDERED AND REJECTED		
2.	None			
DETAIL	. (Includi	ng consultation carried out)		
	Backgr	ound		
3.	Southampton City Council has a statutory duty to secure sufficient high quality early education places for eligible 2, 3 and 4 year olds and sufficient childcare places for working parents. Our Sufficiency Assessment, which takes into account housing and business developments, birth data, population forecasts, vacancy information for providers, etc, enables us to ensure that as far as possible new places are being created in areas where there is an identified need.			
	Offer for 2 Year Olds			
4.	Research shows that attendance at age 2 at high quality early years' provision has a significant short and long term impact on the outcomes for children from disadvantaged backgrounds. Reflecting this the Government, in 2014, expanded the early years offer to support 2 year olds. This offer is			

for the Spring and Summer terms. We estimate that just under 1,000 3 and 4 year olds are currently being funded for more than 15 hours a week, with more accurate figures being available following the early year's census. 9. Parents are accessing these places with Ofsted-registered nurseries, preschools and childminders, with many using a mix of providers to ensure the flexibility they need. We have had no reports to date of parents being unable to access a 30 hour funded place, however not all parents are able to access the hours they need to fit their work pattern with their provider of choice. There is still under-use of childminders for the funded places; an event is being planned for May 2018 to increase shared-care arrangements between childminders and group providers. 10. A potential impact of the 30 hour offer is that, especially in the Spring and Summer terms when there are fewer vacancies, providers may choose to accept funded 3 and 4 year olds for the 30 hour offer, rather than accept funded 2 year olds. This may impact on Southampton's Early Years Foundation Stage results, which have been rising year on year. Funding 11. The early education offer is funded from the Dedicated Schools Grant (DSG) Early Years block. Following a national funding review Southampton's					
to support the delivery of the 2 year old offer. Working with partner agencies and raising awareness of the 2 year old offer has led to an 80% take-up in the City. Extended Offer – 3 and 4 Year Olds From September 2017 3 and 4 year olds whose parents earn between the equivalent of 16 hours a week each at minimum wage and £100,000 per year were entitled to an extra 15 hours a week, term time, or 570 hours a year on top of their current universal funded hours. This includes the self-employed and parents on zero-hours contracts. The additional funded hours are also available where one parent is employed but the other has substantial caring responsibilities, is disabled or is on maternity leave. 7. Our Sufficiency Assessment, linked with data from DWP, suggested that 1,800 3 and 4 year olds would be eligible for the 30 hour offer, and of these around 32% would already be accessing provision paid for directly by their parents. Unlike the 2 year old offer, the 30 hour offer is specifically aimed at supporting parents to remain in, or to commence work. 8. Working in partnership with the providers, new places were secured to support the delivery of this offer, with additional places and provision planned for the Spring and Summer terms. We estimate that just under 1,000 3 and 4 year olds are currently being funded for more than 15 hours a week, with more accurate figures being available following the early year's census. 9. Parents are accessing these places with Ofsted-registered nurseries, preschools and childminders, with many using a mix of providers to ensure the flexibility they need. We have had no reports to date of parents being unable to access a 30 hour funded place, however not all parents are able to access the hours they need to fit their work pattern with their provider of choice. There is still under-use of childminders for the funded places; an event is being planned for May 2018 to increase shared-care arrangements between childminders and group providers. 10. A potential impact of the 30 hour o		backgrounds, with eligibility linked to the family's income. All looked after 2			
 From September 2017 3 and 4 year olds whose parents earn between the equivalent of 16 hours a week each at minimum wage and £100,000 per year were entitled to an extra 15 hours a week, term time, or 570 hours a year on top of their current universal funded hours. 	12.	Southampton has in the past been able to fund maintained nurseries at a			

previous lump-sum. This reduction in funding will impact on the viability of the maintained nurseries and on the number of funded places they are able to offer. 13. The DfE has reduced the percentage that local authorities can retain from the DSG Early Year's block to support the early years and childcare sector, which has led to a reduction in resources. 14. Currently 95% of Southampton's early year's provision is rated as being at least 'good' by Ofsted, which is above the national average of 94%. A recent consultation with early year's providers evidences a real concern about the reduction in resources, and the potential impact on quality, sufficiency and children's outcomes. The consultation also raised a number of suggestions that the service will be considering as efforts are made to maintain high quality, sustainable early years provision in Southampton. 15. The Panel are requested to discuss the issues identified relating to Early Years provision with the Cabinet Member for Education and Skills and the invited officers. RESOURCE IMPLICATIONS Capital/Revenue 16. None as a result of this report. Property/Other 17. None as a result of this report.
