Notes:

Dropped from the 2016-17 ASCOF measures as the data was known to be unreliable. Replaced with a new measure in 2017-18.
Adult Social Care measures for 2015-16 are the final revised figures, not those in the national publication for that year.
This was a new value-added measure for 2016-17 based on ASCOF 1A. NHS Digital calculate this measure for all authorities.
Population estimates based on ONS Mid Year Estimates for 2017.
