

Lidl's proposed development at Banister Road, Southampton

Brochure for Southampton City Council Planning &
Rights of Way Panel – 27 August 2019

Planning application for a Lidl foodstore with parking,
landscaping and access works

Planning application number: 18/01532/FUL

Lidl GB Limited

1. Executive summary

Planning Committee members will have the final vote on Lidl's planning application for a new discount foodstore on Banister Road on 27th August 2019. The proposal site was previously used for car sales and occupied by HA Fox Jaguar and Hunter Landrover until it was purchased by Lidl in December 2018.

The development that you will be voting upon has been subject to extensive negotiations over the past twelve months. Changes have been made following feedback from the local community, statutory consultees and officers of the Council.

The proposed discount foodstore will bring many benefits to this area of the city. On Tuesday 27th August 2019, Councillors on the Planning and Rights of Way Panel will have the final vote on an application that:

✓ Has secured a recommendation for APPROVAL from SCC planning officers

"...The development is acceptable taking into account the policies and proposals of the Development Plan..."

Committee report – reason for granting planning

✓ has been subject to design and layout negotiations

Due to the sensitivity of the site, being located adjacent to residential areas and a Conversation Area, the store building is comprised of red brick rather than the aluminium cladding normally used by Lidl. Changes have also been made to the design to address comments from consultees, including moving the building away from Forest Lodge to the north, and incorporating a substantial landscape buffer along Hulse Road.

"...the proposal in terms of materiality and landscaping would be an improvement to the previous buildings/layout on the site."

Committee report – paragraph 6.3.4

✓ Will provide a qualitative and quantitative improvement in food shopping in this part of Southampton, improving choice and competition

The Southampton and Eastleigh Retail Study identifies significant spending capacity within this part of Southampton, with existing stores trading well above their benchmark levels.

"A sequential assessment and impact assessment have been submitted with the application and the Council's planning policy team raise no objection to a food retail development of the scale proposed in this location".

Committee Report – paragraph 5.6

✓ Is acceptable in terms of planning policy

The site is previously used brownfield land that has a long history of commercial and quasi-retail use. It is not allocated for any specific use in the development plan and its use by Lidl has been assessed and considered acceptable in terms of the sequential and other retail impact tests.

"The principle of a new Lidl store is policy compliant and would be a suitable addition to the locale."

Committee Report – paragraph 7.1

✓ Is acceptable in highways terms

A full transport assessment has been undertaken to examine the acceptability of the site access; parking provision and the impact on traffic flows and junctions.

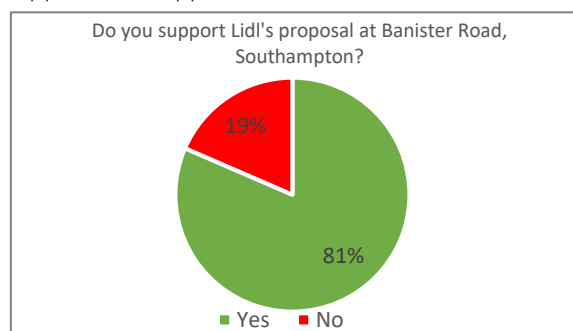

"On balance the scheme will not result in detrimental harm to the other users of the highway network, neighbouring users in terms of highways safety. Therefore subject to the mitigation measures set out above, the proposal is acceptable in highways terms."

Committee report – paragraph 6.5.3

✓ Has secured considerable support from local residents

Pre-application discussions were held with the Council and an extensive public consultation undertaken: this included a mailshot to the local catchment; the provision of a website to provide details of the scheme and solicit comments; and two public exhibitions.

The officer's report confirms 31 representations have been received from surrounding residents, including 22 objections. Lidl feel councillors should consider these objections in balance with the results of Lidl's own public consultation exercise which has shown 81% of respondents in support of the application.

At the time of writing, the petition in support of the application had 960 signatories (representing the 81% support shown above), an extract of these is attached (see Appendix B).

2. Providing improved choice and competition in this part of the city

Lidl as a 'deep discounter' occupy a niche in the market alongside Aldi. The nearest discounters are Aldi on Bevois Valley Road and Lidl's existing store in Shirley, which means that residents are having to drive out of the local area to gain access to what is an increasingly popular trading format. This results in increased unsustainable reliance on journeys by car.

"This will be great considering that in the area there is not much food shopping choices"

Miss Ana De Sousa, GoPetition signature 56

"Our nearest supermarket (still and long walk) are Waitrose and Sainsbury's in Portswood which we can't afford. I drive to Lidl in Shirley with my two small children so this new Lidl will be very convenient and very welcome."

Mrs F Nasser, GoPetition signature 174

This will fill a gap in provision of a wider range of shopping when there is a large residential population.

Mrs P Warner, GoPetition signature 377

Lidl and Aldi recently came 2nd and 3rd in a survey into the UK's favourite supermarkets from consumer champion Which? The survey praised Lidl and Aldi for the quality of their fresh produce and value for money, and found their products were comparable to the premium brands of the major supermarkets.

The quantitative need for additional food shops in this part of Southampton

The Southampton and Eastleigh Retail Study provides data on existing shopping habits for convenience goods (ie groceries). Within the west area of the city the existing stores are currently capturing around £197m of the spending generated within Southampton and the surrounding area, and this is forecast to rise to around £206m by 2021.

The benchmark turnover of all the existing shops in this part of Southampton, assuming they were to trade at their respective company average levels, is actually only £126m and, assuming the minimal growth in retail sales densities that is currently being forecast for the UK, that is expected to remain largely the same in 2021.

A comparison of the actual turnover of existing stores with their benchmark average shows a notional surplus that provides headroom to support additional floorspace in west Southampton. Allowing for already committed development the residual surplus that will be left at 2021 is in the order of £48m. This level of overtrading is indicative of a quantitative need for additional shops.

Impact of the proposed Lidl on existing shops

For the impact assessment submitted with the planning application, all existing stores are assumed to be trading at their benchmark average levels. Since the evidence suggests most are actually trading well above that, the levels of impact identified are therefore a worst-case scenario.

Planning officers expressed some initial concern about the levels of impact on the Aldi at Bevois Valley Road and Lidl's stores in Shirley and the city centre. In respect of Aldi, it was demonstrated to officers satisfaction that that store is trading above its benchmark level and that the level of impact would therefore not be significantly adverse. In respect of Lidl's existing stores, the level of trade diversion to Banister Road is modest and neither is expected to suffer any serious impact. The Banister Road development is intended to be an additional store and not a replacement for any of Lidl's existing ones – indeed development has commenced on a new store in Shirley, to replace the existing old unit.

Overall, following initial concerns expressed by policy officers, additional information was provided that satisfied them that a new Lidl at Banister Road would not have an unacceptable level of impact on any existing stores or centres.

"...the retail impact assessment concluded that there would be no significant adverse impact on the vitality or viability of any defined centre. This view is supported by the Council's planning policy team."

Committee report – paragraph 6.2.2

3. Highways considerations

A common theme throughout the consultation process has been the potential impact of the development on the highway.

One of the concerns expressed during the consultation process was the potential impact on the local highway network. Lidl are committed to ensuring that the construction of the new store does not create a blackspot for congestion or create any safety concerns, and a full transport assessment has therefore been undertaken to examine the acceptability of the site access; parking provision and the impact on traffic flows and junctions.

We have carried out numerous traffic surveys on the surrounding road network and have modelled the trip generation to the proposed development. At peak hours it is expected that 60% of the traffic visiting the store will come west along Banister Road turning right into the site, and 40% will come east and turn left; of the 40% coming east along Banister Road 13% will have travelled south down Hulse Road (this is in part due to southbound traffic along The Avenue being restricted from turning right on to Banister Road).

"Perfect!! Will serve a lot of the local urban community without the need for driving to the supermarket."

Mrs Burnie. GoPetition signature 280

I think this will be great for the community and perfect for those who can't drive who live nearby and need a discount food store!

Miss L Hill, GoPetition signature 943

It is assumed everyone has a car these days, but I do not and a Lidl 15 minutes walk from home would be very useful.

Mrs J Willoughby GoPetition signature 957

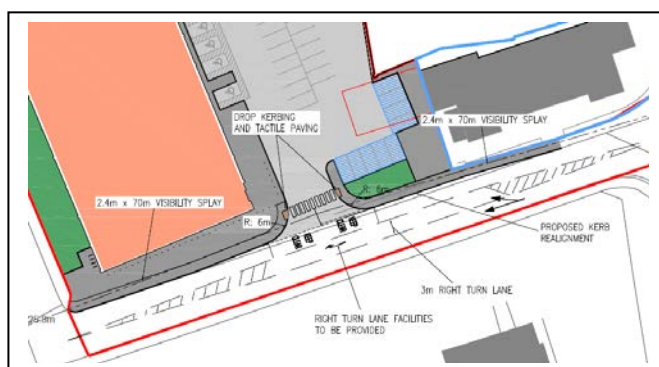

The site is well placed to serve a substantial walk-in catchment and also adjoins a parade of existing shops and services on around the corner on The Avenue, which are well placed to benefit from linked shopping trips by people shopping at the new Lidl.

"It is considered that the proposal strikes an appropriate balance between realistically meeting its travel demands and catering for and promoting more sustainable forms of travel."

CommitteeReport - paragraph 5.3

The impact on all the surrounding road junctions has been modelled to the satisfaction of the highway authority, who have agreed that they can all accommodate the change in traffic flows that will result from the new Lidl.

The development will include a new right-turn lane on Banister Road that will allow cars to turn in to the site without affecting the flow of traffic west along Banister Road, and a financial contribution to help fund the Council's planned highway improvements along The Avenue, which will help encourage sustainable travel to and from the store.

Proposed Right Hand Turn Lane

The access into the Lidl car park will utilise the existing access off Banister Road, altered to take account of current standards on visibility and accommodate the proposed right-turn lane. The car dealership has a second access off Hulse Road and that will be removed.

A Construction Management Plan will be submitted for approval prior to development commencing, and a highway condition survey undertaken at the completion of work, to ensure all works have been carried out to the requisite standard and the highway left in good condition.

The access design is supported by the Council's Highways Engineer and, subject to securing the visibility splays and right-turn lane into the site, is considered to be acceptable."

CommitteeReport - paragraph 6.5.1

4. Design

Lidl have worked closely with Southampton City Council officers to design a site that is as sympathetic as possible to the setting.

The existing site is almost entirely covered with buildings and hardstanding from its previous use as a car dealership, with the existing buildings comprising large workshops and a showroom that are all industrial designs. The Lidl scheme will reduce the amount of building development; will be comprised mainly of red brick to better complement the surrounding area; and will include much more soft landscaping.

"...the proposal in terms of materiality and landscaping would be an improvement to the previous buildings/layout of the site. As such, the proposal is considered to preserve it's setting and the application is considered to address local and national heritage tests."

Committee Report – paragraph 6.3.4

The building is located at the southwestern side of the site with the car park wrapping around it, to minimize the impact on the adjacent Conservation Area that runs along The Avenue. The entrance to the store will front on to Banister Road and has a glazed elevation that wraps around onto Hulse Road.

"The revised location of the store reduces the visual impact of the car parking on the street...the previous use of the site meant that the frontage was car dominated so this layout is an improvement to the street frontages."

Committee Report – paragraph 6.3.2

The internal layout of the store means that the western elevation along Hulse Road can only include limited high level glazing, however the store will have a 7m landscape buffer incorporating an evergreen hedge, low level shrub planting and nine new trees, which will all help screen the building. This new planting will be a significant improvement to the site as it exists now, which only has modest low level planting along Hulse Road. The character of the road is predominantly tree-fronted development and the new tree planting responds to that and will improve the streetscape.

"...the addition of tree planting responds to the Hulse Road character of tree-fronted development."

Committee Report – paragraph 6.3.3

CGI view of the store from Hulse Road

Following the submission of the application discussions with your design and planning officers resulted in us making the following changes to the design of the scheme, to reduce the impact of the development on adjoining land uses:

- Store building moved closer to the Banister Road frontage, increasing separation from the Forest Lodge clinic from 5m to 25m.
- Landscape buffer along Hulse Road increased by 1.5m to 7m.
- Total number of trees to be planted increased from 14 to 20.
- Glazing included on Hulse Road elevation.
- Additional low level planting included on the Banister Road frontage.

"The changes to the scheme ensure that this elevation (Hulse Road) is camouflaged to a degree by the set back by seven metres and the landscaping proposed within this area."

Committee Report – paragraph 6.3.3

In terms of ecological impact the existing site is almost wholly built development and therefore has no biodiversity value. The new trees and low level planting that will be provided will therefore improve the biodiversity value of the site.

"The restoration of hardstanding to soft landscaping is welcomed."

Committee Report – paragraph 5.19

5. Residential Amenity

The proposed store will adjoin residential apartments to the west, on the opposite side of Hulse Road, and the Forest Lodge clinic to the north, which includes residential in-patient accommodation.

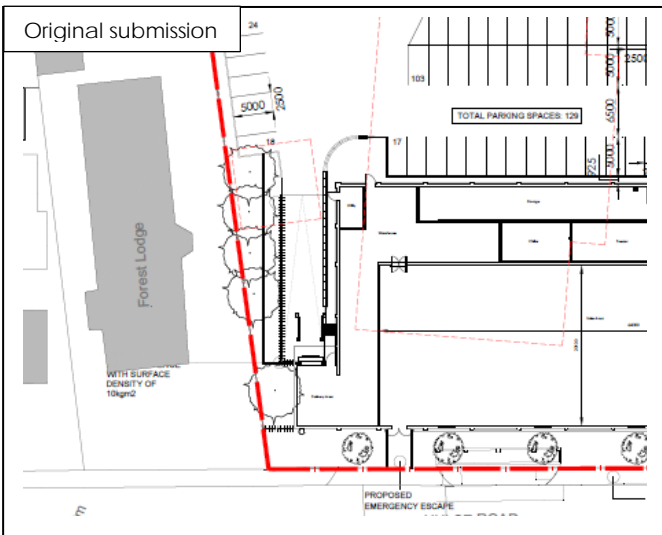

The impact on Forest Lodge is expected to be beneficial inasmuch as the upper windows facing the site currently look out on to large industrial style buildings, where car servicing/repairs and paint spraying is carried out. The new Lidl involves a smaller scale building and will provide extensive tree planting along the boundary with Forest Lodge. During the course of the application the layout of the site was also amended to locate the building further down towards Banister Road, keeping it at least 25m from Forest Lodge. Views of the store from the clinics upper floor will therefore be more attractive than those of the former car dealership.

"The scheme has sought to address initial concerns raised with respect to the neighbouring residential property at Forest Lodge... the relocation of the parking from the front of the store to the rear has increased the separation distance and allowed for the provision of further landscaping to further minimise the impact on this property."

Committee Report - Paragraph 6.4.1

Views of the site from the opposite side of Hulse Road are sporadic as there is extensive landscaping in front of most of the apartments, however what views there are currently comprise commercial buildings and extensive areas of parking; at present there is little planting along the east side of Hulse Road.

The new Lidl will provide a long façade along Hulse Road, however a 7m landscape buffer will screen most of the building with hedging, shrubs and nine new trees. The view from across the road will therefore be greener and more attractive than is currently the case.

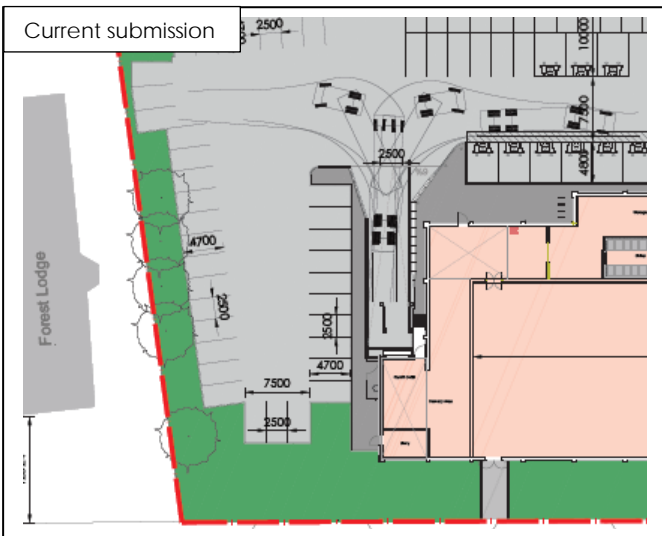

"Overall, the development complies with the 21m back to back privacy distances and the side to rear privacy distance of 15m at two-storey level..."

Committee Report - Paragraph 6.4.1

"...with the controls relating to noise, delivery times, lighting and management, the proposal is considered to be acceptable in this respect."

Committee Report - Paragraph 6.4.2

Comparison of original proposal vs current plans

6. The former Land Rover showroom

This site has been in use for car sales and repairs since the 1950s. The existing layout and buildings were granted planning permission in 1998. Jaguar and Land Rover joined to become one company in 2013, but have generally been operated as separate dealerships: in Southampton the franchise is owned by Inchcape who operated from Banister Road with separate showrooms under the names Hunters Land Rover and HA Fox Jaguar. Recently they have relocated to new premises at Wide Lane where a single combined showroom with drive-through service bay has been built. The old site at Banister Road was surplus to requirements and was sold to Lidl for redevelopment.

The Land Rover building is not required as part of Lidl's store development and it was decided that it would be excluded from the application site and retained for reuse. In this way the impact on the Conservation Area is minimized by avoiding any demolition within it.

"The existing building to be retained on The Avenue exhibits architectural elements of the surrounding buildings which make the area distinctive...its retention with this redevelopment is to be supported."

Committee Report - Paragraph 5.2.6

The retention of the Land Rover building has been welcomed by the Council's Conservation Officer, and Lidl have been mindful of ensuring that the development of the new foodstore should not prejudice the reuse of the building. To that end the proposed development scheme identifies nine parking spaces alongside the Land Rover building, that can be made available to serve any new tenants, as and when required.

These will be reserved for the building's use by planning condition.

The building is currently being advertised for let by property agency Lambert Smith Hampton. Lidl have received a good amount of interest for the re-use of the building from a diverse range of potential occupiers.

The interest cannot be taken forward until it is known what will be developed on the application site.

All of the occupiers we are in discussions with wish to know what they will be adjacent to prior to committing to a new lease.

Any change of use for the building will be the subject of a separate application.

53 Ms	Laura	McKain	SO15 2pf	
				Though not unhappy with a new food store at this site, I am concerned about vehicle access from Banister Road which is already busy and congested for large parts of the day. Access from Hulse Rd would be smarter and avoid making a busy road even worse.

70 Miss	Eleanor	Breeds	SO15 2PX	Please ensure there is an area for bike lock up
71 Mr	Patrick	McSweeney	SO15 2JE	Please could you ensure that there is an area for bike lock up, e.g. Sheffield loops.
72 Mr	Tadeusz	Wasowski	SO15 7NW	I think its a very good idea to have a Lidl store in that location as there is nothing close by.
73 Mr	Giulio	Gotti	SO17 1ER	I really hope that this project will be realized. This area has already Sainsbury's, Waitrose and Aldi but I am sure that a bit of competition will increase the choices for the customers. I will also enhance the quality of their services and the prices will be contained by the presence of Lidl in the area.
74 Mr	Max	Ng	SO14 0GE	Build it as quickly as you can, do not wait till I finish university.
75 Mrs	Laura	Self	SO171DN	not sure its the most attractive development and the view from the road is not obvious but happy to have a lidl closer to me
76 Mr	Keith	Carr	SO17 2GD	I fully support Lidl's proposals
77 Mr	Graham	Anderson	SO17 1ST	
78 Dr	James	Gavin	SO14 6GZ	A suitable, and no doubt competitive addition to the area. Strategic in terms of location and local demographic (including students, young professionals and internationals). The potential caveats of the Lidl store would be: increased traffic congestion and reverse gentrification.
79 Mrs	Ruth	Carr	SO17 2GD	Will be great to have a new Lidl store in our area
80 Mrs	Antje	Kramer	SO16 7FS	
81 Miss	Dee	Phelan	so15 2rs	
82 Mrs	Anna	Krzeminska	SO140PT	
83 Mrs	Sylwia	Rydlewska	SO140PT	I'd love to see a Lidl nearby and think a supermarket here would be a great addition to Southampton. I would ask that more greenery is added to be in keeping with the green spaces of the inner avenue.
84 Mr	Joshua	Lamb	SO17 1XN	
85 Miss	Aimee	Dibden		
86 Mr	Andrei	Dragomir	SO15 2AY	
87 Ms	Claudia	Mihai	SO15 2AY	
88 Miss	Samantha	Whitehorn	SO152QZ	I'm quite excited to have something useful on this land. Never going to be able to afford a Jag or Land Rover, and will save me walking far to get groceries.
89 Mr	Wojciech	Biernacki	so15 2jz	Great idea to have another Lidl store nearby, Also this will create new career opportunities around corner.
90 Mrs	Susan	Price	SO16 7LT	I am very happy to support this application

92 Miss	Lauren	Chapple	SO155AE	
93 Dr	Chris	Webb		
94 Mrs	Karin	Sparrow	SO17 1EF	We, the undersigned, fully support Lidl's application for the provision of a neighbourhood discount foodstore at Banister Road, Southampton. I agree to the petition date being used by Lidl to lobby local Councillors and Southampton City Council to aid progression of the planning application. 111 Mrs	G	Gain	SO171SE	It's a real asset, Thanks.
112 Mr	M	Conlan	SO152TW	Already Lidl's shoppers at Shirley and would welcome this store. Will reduce our carbon footprint by not needing to use our car.
113 Mr	P	Grinyer	SO152GZ	
114 Mr	R	Mason	SO152NU	As a retired citizen without a car a store like this within easy reach would be a godsend.

118 Mr	B	Boyce	SO172HP	
119 Mr	J	Hennessy	SO146TF	
120 Mr	S	McPherson	SO152SW	Fantastic, we so need some good value supermarkets in Southampton.
121 Mr	G	Storry	SO152GZ	
122 Mr	A	Clements	SO152GZ	
123 Mr	D	Orilio	SO155WB	
124 Mr	G.J	Franklin	SO167FW	
125 Mr		Mason	SO172HW	
126 Mrs		Mason	SO172HW	
127 Mrs	J	Barrett	SO172JJ	I would be happy to see more employment opportunities in this area.
128 Mlss	A	McWatters	SO146UN	
129 Mr	T	Davidson	SO146UN	
130 Mr	I	Semple	SO146SG	
131 Mr	A	Fry	SO172GW	A new Lidl discount store would be a welcome addition to the local area, giving students like myself another affordable alternative for grocery shopping
132 Mr	D	Danson	SO167NA	
133 Mrs	S	Danson	SO167NA	
134 Mr	J	Conning	SO167ET	
135 Mr	D	Pericao	SO167EF	A Lidl at 283 Winchester Road would also be great or Bassett.
136 Mrs	N	Pericao	SO167EF	A Lidl at 283 Winchester Road would also be great or Bassett.
137 Mr	J	Joel	SO167EF	
138 Mr	K	Salter	SO171WH	My only concern is the increased traffic at the stag gates junction.
139 Mr	W	Bampton	SO152PP	
140 Mrs	J	Arnold	SO182ND	I am the manager at Age UK 261 Portswood Road and both myself and my staff who live local support this idea.

141 Mr	O	McQuitty	SO167LT	
142 Miss	J	Jeynes	SO152PX	Please consider what measures you can take to limit traffic caused by your new store. Thank you.
143 Mr	J	Evans	SO171XS	I agree with a store in this area of Southampton. You say it will create up to 40 new jobs - How many of these will be zero hour contracts? What are Lidl's views on use of plastic packaging? Are you actively reducing the use of plastic?
144 Mrs	S	Claringbould	SO152TE	As we do not have regular bus service in Archers Road it will be making it a lot easier for myself and my senior neighbors to shop.
145 Mrs	A	Audin	SO146QY	Lidl would be a great addition to our area. We are in need of one closer than Shirley anyway. I shall be looking forward to the opening. (Fingers Crossed)
146 Mrs	O	Mihhailov	SO172HN	We support construction of a new store, however we do not agree with the current design of the proposed Lidl on Banister Road. Such boring, box type building would look OK in an industrial park but not a residential area.
147 Mr	R	Briggs	SO172WR	Portswood Aldi is very busy at all times of the day. A little competition is a good thing.
148 Mrs	S	Wiseman	SO171DS	
149 Ms	B	Harris	SO172JX	We need this supermarket as we have to go to town for our nearest Lidl. The prices are very good compared to Waitrose and Sainsbury in Portswood. My only reservation is the traffic queues at the lights at the Avenue/Banister Road, and overflowing parking areas. As Lidl stores are very popular. Traffic
150 Mr	A	Mitchell	SO172NP	Congestion???? My only reservation is the traffic queues at the lights at the Avenue/Banister Road, and overflowing parking areas. As Lidl stores are very popular. Traffic
151 Ms	C	Halliday	SO172NP	Congestion????
152 Mr	S	Bullar	SO167GZ	Good Idea for Avenue and neighbourhood.
153 Mrs	A	Higenbottam	SO157NW	Thoroughly support the proposal.
154 Mr	D	Betson-Tucknett	SO152FT	I support Lidl.
155 Ms	K	Dunkin	SO146US	Can't wait.
156 Mr	A	Page	SO171DL	
157 Mrs	Z	Petruv	SO146UP	
158 Mr	M	Feerick	SO146SH	As a resident and property owner I wish Southampton City Council to approve planning application. The location if granted will not just help the the locals but provide a service and improve event regarding the Avenue and the Common.
159 Mr	P	Barton	SO140AE	
160 Mrs	S	Andrews-Seagrae	SO146RD	I'm really excited about this to have a really good and cheap supermarket will make life easier. It may cause a bit of traffic, however the roads are busy everywhere now. Being in a low income family this shop is greatly needed.
161 Mrs	J	Khan	SO140DS	
162 Ms	K	Russell	SO146FN	We are very please at the prospect of a Lidl store opening a 5 minute walk from our house.
163 Mr	M	Warr	SO146FN	We are very please at the prospect of a Lidl store opening a 5 minute walk from our house.
164 Mrs	L	Bradley	SO146SX	We support Lidl's, look forward to your opening, good luck.
165 Mr		Mansourian	SO167GP	
166 Mr	J	Meadows	SO171PU	
167 Mrs	J	Lewis	SO167LF	
168 Mrs	J	Davies	SO152YD	It will be positive to have a Lidl nearby. There is a Coop in Archers Road and Sainsbury in Bedford Place. I recently moved to Southampton and would have chosen to live nearer the Avenue if there had been a local shop at the time.
169 Mrs	C	Young	SO172LT	ASAP
170 Mrs	S	Reeve	SO152NS	Very pleased to hear about this proposal.
171 Mr	T	Hayter	SO152RZ	
172 Mrs	C	Carden-Jones	SO152TJ	

For full details see:

173 Mr	D	Smalley	SO152NA	Anything to get rid of the Jaguar and Land Rover Garage. They use our roads to test their vehicles at 50-60mph (some people forget this is a residential area)
174 Mrs	F	Nasser	SO152TL	Our nearest supermarket (still a long walk) are waitrose and sainsbury's in Portswood which we can't afford. I drive to Lidl in Shirley with my two small children so this new Lidl will be very convenient & very welcome.
175 Miss	S	Ward	SO152HB	
176 Miss	P	Harrison	SO171WH	It could be useful, as competition is high regards planning/ building regulations. Also remember traffic congestion in/ out the Avenue and law court etc...? Pollution/ noise (to make good conservative areas, our population is growing , more jobs.)
177 Mrs	R	Mosa	SO172AS	
178 Mrs	M	Kenward	SO172JA	
179 Mrs	M	Kelly	SO167FS	Whole heartily support Lidl application. Great need for Lidl store at this location.
180 Mrs	J	Aubin	SO152TF	I'm delighted to hear we'll have a brand new Lidl so close. Being elderly it will be a godsend - Good luck!!
181 Mrs	L	Stacey	SO146GS	It will supply a good local service and cut traffic using the other one in Shirley and this can be better and of course employment.
182 Mr	P	Bolke	SO152TU	
183 Mr	J	Dickman	SO146WL	Lidl will be sick, please have a gluten free section. I love Lidl, nobody can afford jaguars and land rovers c'mon its 2018. Lidl is love lidl is life.
184 Mr		Gray	SO152SB	
185 Mrs	C	Dawkins	SO146RX	Most welcome
186 Mrs	A	Shalik	SO140EY	Would be fantastic to have a Lidl close to home.
187 Miss	S	Shalik	SO140EY	
188 Ms	S	Steele	SO152HW	
189 Mrs	B	Najd	SO152PA	There is a great need of such a food store in the area.
190 Mrs	L	Nash	SO171LA	With the increased volume of traffic, a pedestrian crossing must be installed on this already dangerous road.
191 Dr	A	Salehi	SO167GJ	
192 Mrs	A	Pogonowska	SO146FL	I think its a very good idea. I like Lidl and products from there. I would like to support Lidl.
193 Mrs	M	Marlow	SO172JX	
194 Mr		Bajar	SO152AD	Might need a store on an easily accessible road.
195 Mrs	P	Vent	SO171SS	
196 Mr	D	Kirton	SO163TZ	
197 Mr		Aatam	SO171RN	
198 Ms	C	Rengo	SO146SJ	
199 Mr	H	Abidia	SO171DL	Would be great
200 Miss	N	Fagon	SO172TH	I understand that Lidl would need to employ 40 people and this job creation is needed within an community. Great! Just what we need! Couldn't come soon enough. A wonderful parking spot for people. Also toilet facilities most welcome as some stores so not have them. Love your food and always fresh veg.
201 Mr	J	DeMontfalcon	SO152JZ	
202 Mr	S	Westley	SO152DA	We fully support a supermarket in this area with car parking facilities.
203 Mrs	S	Westley	SO152DA	We fully support a supermarket in this area with car parking facilities.
204 Miss	J	White	SO152TA	
205 Miss	M	Marshall	SO171UX	
206 Ms	J	Martindale	SO152GS	Would be nice to do a big shop in walking distance. Only concern is the traffic on Hulse Road.
207 Mrs	PA	Ferris	SO152LF	
208 Mrs	S	Hunt	SO183DA	
209 Miss	N	Mansbridge	SO155RT	Always happy to support local supermarkets and more job openings.

211 Ms	H	Tang	SO146TQ	A Lidl store on Banister Road will be so convenient for walking, driving or even bus riding customers.
212 Mr	R	White	SO167BG	Suggest you stock a wider range of national newspapers inc broadsheets. Late opening at least one day a week.
213 Mrs	E	Johnson	SO146GG

216 Mrs	Z	Parkhouse	SO163NQ	
217 Mrs	P	Farrell	SO172ES	
218 Miss	E	Bird	SO167BL	Would be great I stopped using the high street branch (Soton) because of the excessive pressure to use the self service check outs to the detriment of the others but if this shops open I'll try as it is closer than Shirley highstreet.
219 Mr	L	Clarke	SO146WL	
220 Mrs	L	Pirie	SO171SD	
221 Mr	M	Pirie	SO171SD	
222 Mr		Stuart	SO152DH	What we need in this area
223 Mr	B	Ardeleanu	SO152PF	
224 Mrs	S	Kelly	SO152SN	Very good idea, good for more jobs.
225 Mrs	V	Oswald	SO171TZ	
226 Mr	A	Shannon	SO171AF	Will the car park entrance be off Hulse Road? Because of the short notice we were unable to attend the preview but we are still in favor of the proposal the freemantle councilors have the gripes because of the vested interest with their elections.
227 Mrs	J	Hacking	SO152TE	
228 Miss	M	Vacariu	SO152HP	We think this is a great idea and we believe we need more affordable yet good equality shops, full support!!! More jobs for English bexiters!!

231 Mr	G	Ashry	SO152TE	
232 Mrs	H	Brown	SO171BA	Great news!! Can't attend the open day due to health. This proposal would bring a supermarket within walking distance of a large number of households which at the moment are a significant distance from any food store. It would be quite convenient for us to come to Banister Road as it is near to where we live so it would really make a difference in terms of saving time.
233 Mr	E	Edwards	SO171XE	
234 Mr	G	Olieanu	SO152NJ	Usually we go to the one on above bar street Lidl is our favorite store. WE shop there 2-3 times a week. It would be quite convenient for us to come to Banister Road as it is near to where we live so it would really make a difference in terms of saving time.

239 Dr	T	Pierce	SO171RA

258 Mrs	E	Holmes	SO167FD	We fully support having a new Lidl food store in Southampton and feel it would be a great asset to the neighbourhood. We already regularly shop at the Lidl store in Shirley, Southampton. Great value. Please make the fresh bakery products either wrapped or inaccessible to customers - ie have someone serving. 298 Mrs	C	Thornburn	SO171XJ	
				The design of the building should be complimentary to the surrounding environment. Not just a steel framed building with cladding brick should be externally incorporated.
299 Mr	U	Ahmed	SO7PQ	Lidl morello cherry fizzy juice is the best thing that has ever been in my mouth so I am delighted about the new store!! Also 8 mother and baby spaces isn't enough!!

305 Miss	H	Toogood	SO146GG	
306 Miss	B	Ford	SO152FT	
				1. More useful in this area than highend cars, no one here can afford. 2. People will travel out of town for luxury goods if they want them. 3. Jobs for locals and / or students. 4. I like Lidl stuff - never knew I needed a wet suit until Lidl did them.
307 Mr	J	Aicken-Bowley	SO172GT	
308 Mr		Mallon	SO171DU	It would be convenient for people without transport as the Avenue is a main bus route.

315 Mr	J	Marck	SO152YD	Job vacancies?
316 Miss	L	Berry	SO152YD	Job vacancies?
317 Mr	M	Meyrick	SO152DA	I think the proposed entrance into Banister Road would cause too much traffic congestion at Stag Gates Lights. An entrance into Hulse Road would reduce this.

475	Mr	J	White	SO152QQ	Only problem I see is the possible traffic congestion at certain times. Because of the short notice we were unable to attend the preview but we are still in favor of the proposal, the freemantle councilors have the gripes
476	Mr	D	Hacking	SP152TE	because of the vested interest in their elections. Full regards to pedestrians and personal till service rather than a line of self service, staff to be seen, suggestion box and a variety of vegetarian dishes and friendly improvement on Bargate would be good. They began well and fizzled into hard face. Can we see a manager too from time to time and price your off license better.

				I went to the open day event concerning the proposed Lidl development on Banister Road and would like to support the proposal. I think it would be very useful and well used. There are quite a few elderly people living in nearby Charles Knott Gardens who do not drive and would find this store very convenient as i would. There are also many flats in the area who might use the store in preference to taking the car.
622 Mrs	L	Denton	SO152TF	
623 Mrs	T	Grayer	SO152LF	I use your Southampton shop quite a lot, it would be nice to have one closer.
624 Mrs		Stoneham	SO167EJ	We would welcome this development.

628 Miss		Gower	SO152FQ	I like shopping at Lidl in the bargate district on the highstreet. Look forward to the new store.
629 Mrs	V	Noyce	SO155RT	I like the look of it and it will serve me well. 1. More useful in the area than high end cars, no one can afford. 2. People will travel out of town for luxury goods if they want them. 3 Jobs for locals and / or students. 4. I like Lidl stuff, never knew I needed a wetsuit until Lidl did them.
630 Miss	L	Merrit	SO172GT	Would like to see a high capacity bakery in the new store.

781	Miss	I	Gartrell	SO152RZ	I support this proposal as Banister Park is poorly served for local shops and there is not another Lidl / Aldi similar nearby. There are no independent food shops in the area which will be affected. Generally welcomed to improve choice and increase provision of fresh fruit and veg in the area.

865 Miss	Sarah	Powdrill	SO15 2GL	Great news. This will be more beneficial than the one on the high street what with free parking, and appears bigger so will have more choice of stock.

868 Mr	..	Watson	SO17 1WA	The proposed shop on an industrial site may pose problems. There is no comparable outlet in the immediate vicinity.
869 Mr	Nicholas	Waite	SO17 1RH	We feel this area desperately needs a quality, full sized supermarket. We use Lidl as a family and feel this store would be an asset to the area.

940 Mr	Stuart	McPherson	SO15 2W	Much needed supermarket for local residents
				This store will add traffic to roads around my area, adding to my home/work journey on a daily basis. Also at present the garages are visually pleasant.
941 Miss	Laura	Tunmore	SO15 2TW	However I feel a Lidl will impact the area and be detrimental and an eyesaw thus dragging down the look and quality of my local area. Much needed resource as thr Shirley store is too small and the traffic and parking is congested . The new store would improve consumer access and

943 Miss	Laura	Hill	So152yd	I think this will be great for the community and perfect for those who can't drive who live nearby and need a discount food store!

				I live around the corner and think a supermaket like this would be fantastic and would provide the local community a great facility to make us of. Quality goods for a low price, that is guaranteed by Lidl, seems like a no-brainer.
