#### **STATEMENT OF CONFIDENTIALITY**

None.

#### **BRIEF SUMMARY**

The attached report provides an overview of the recovery and restoration activity underway in the Southampton and South West Hampshire system following the COVID-19 outbreak. The report summarises a plan put together by health providers, local authorities and commissioners. A further report provides a performance summary.

The NHS across HIOW continues to work with our Local Resilience Forum to provide a co-ordinated system response to the pandemic.

A number of temporary changes to NHS services were made as part of the response. The majority of these were implemented in direct response to requirements of national guidance with a smaller number made locally to enable the NHS to focus on the response to the major incident.

The changes made were changes in method of access; changes in location of services; reductions in service; and suspensions or increases in service. Changes determined locally were done so to embed social distancing; manage staffing pressures; increase (bed) capacity; support flow/ discharge; manage demand; prepare for redeployment of staff to other roles and/ or protect staff and patients.

Services are steadily being restored taking into account both the requirements of national guidance (Third phase of NHS response to Covid-19 which is available NHS England's website) and the service benefits realised through the changes made.

<b>RECOMMENDATIONS:</b>	
(i)	To note the attached reports.
<b>REASONS FOR REPORT RECOMMENDATIONS</b>	
1.	To inform understanding of the recovery plan.
<b>ALTERNATIVE OPTIONS CONSIDERED AND REJECTED</b>	
2.	No alternative options to present this report have been considered.
<b>DETAIL (Including consultation carried out)</b>	
3.	Since the outbreak of coronavirus first became public in January, the system has worked even more closely together than before. Services have been required to adapt to the most challenging of circumstances, and a number of changes have taken place at a rapid pace. The attached paper gives a brief overview of how the recovery phase in Southampton is functioning.
<b>RESOURCE IMPLICATIONS</b>
