this intervention	various elements of guidance other areas of this policy recommends
is	premises adopt, such as problem gambling.

ACCESS

This section is about ensuring all facilities, not just exits are accessible by all.

LOCAL AREA PROFILE

Each premises has to conduct a risk assessment based on the locality. The
local area profile provides the data for premises to use when considering the
risk. This applies to current premises and any new applications. This will place
requirements on applicants and licence holders to ensure appropriate
mitigation is in place to reduce the identified risks.

OTHER COMMENTS

Suggestion to	This will vary dependant on the type of premises and the type of gambling on
