Dear Mr Derrick,

Consultation on Public Spaces Protection Orders

I write on behalf of The Chief Constable, Olivia Pinkney, in response to your letter dated 21/01/22.

I can confirm that Hampshire Constabulary are supportive in extending the controls on street drinking within Southampton for another three years.

As per our conversation of 09/02/22, we would be interested in exploring what other partner agencies could be accredited to support this initiative but are in agreement that this power should remain in place and be supported by the Police.

Regards,

Clare Denyer
