Airlynx Parking Ltd

Dear Residents

Our family business Airlynx Parking Ltd took over the site at Wharf Road in April this year.

It has been brought to our attention that some Residents have been disturbed by the cars entering and leaving the premises and the dust disturbance. Please may we apologise if that has been the case. We have put in place opening times to all our customers that the site will only be open from 08:00 no earlier, we have also advised that no parking along Wharf Road is allowed. Providing customers with alternatives to where to park until the site is open. We have put up signage to make our customers aware that it is a residential area and to please respect that. In times through the summer it has been dusty so we have put in place a water bowser to prevent this happening.

Going forward we would like to be in a position to work with our residents around us. We also would like to feel that the site itself is a secure parking facility with CCTV making this area safer rather than the site being empty. If there are any issues that you feel you need to make us aware of or something that might make things better, we would be happy for you to contact us at:

All correspondence, information and personal data will be protected through GDPR compliance.

Your faithfully,

Airlynx Parking Ltd
