Age	?	?	This assessment is based on applications received for the 2011/12 Running Costs and New Projects Funds, being the latest information available. Any changes to voluntary sector funding could have both a positive impact (through funding organisations not currently funded) and a negative impact (through reducing or not funding organisations that currently receive funding). Consultation conducted with the voluntary sector on the changes will include questions about impact on these categories to inform the stage 2 IIA.
