RECORD OF EXECUTIVE DECISION

Tuesday, 18 November 2014

Decision No: (CAB 14/15 13371)

DECISION-MAKER:	CABINET
PORTFOLIO AREA:	Cabinet Member for Environment and Transport
SUBJECT:	Residents Parking Policy
AUTHOR:	Richard Alderson

THE DECISION

Modified – additional recommendation (ii)

(i)   To adopt the proposed Residents Parking Policy.
(ii)   If new powers to enforce anti-social parking on pavements come into force, Cabinet delegate to the Director, Place, following consultation with the Cabinet Member for Environment and Transport the power to introduce them.

REASONS FOR THE DECISION

Southampton City Council's existing parking policies relating to residential areas are drawn from the existing document (as published in 2008). With the benefit of views expressed through the 2014 consultation, there is an opportunity to update the policy to address the needs of residents. The proposed Residents Parking policy provides a consistent framework for resolving residential parking issues and identifying which groups should be eligible for parking permits. There are also some policy issues where residents would benefit from greater clarity.

DETAILS OF ANY ALTERNATIVE OPTIONS

To continue with the existing policy document. This will make it difficult for the public to engage with parking issues in their area and leave some issues open to interpretation.
