SUMMARY

Under the Accounts and Audit (Amendment) (England) Regulations 2006, the Council is responsible for:

- ensuring that its financial management is adequate and effective and that it has a sound system of internal control which facilitates the effective exercise of functions and includes arrangements for the management of risk; and
- maintaining an adequate and effective system of Internal Audit of its accounting records and of its system of internal control in accordance with the proper internal audit practices.

In accordance with proper internal audit practices and the Internal Audit Strategy, the Chief Internal Auditor is required to provide a written status report to the Audit Committee, summarising:

- progress in implementing the audit plan;
- internal audit reviews in progress;
- audit opinion on all internal audit reviews completed since the last report and executive summaries of published reports where critical weaknesses or unacceptable levels of risk were identified;
- the status of 'live' reports, i.e. those where internal audit work is completed and actions are planned to improve the framework of governance, risk management and management control; and
- internal audit reviews closed since the last report.

The appendix summarises the activities of internal audit for the period ending 22nd February 2010.
