

Policies Map changes

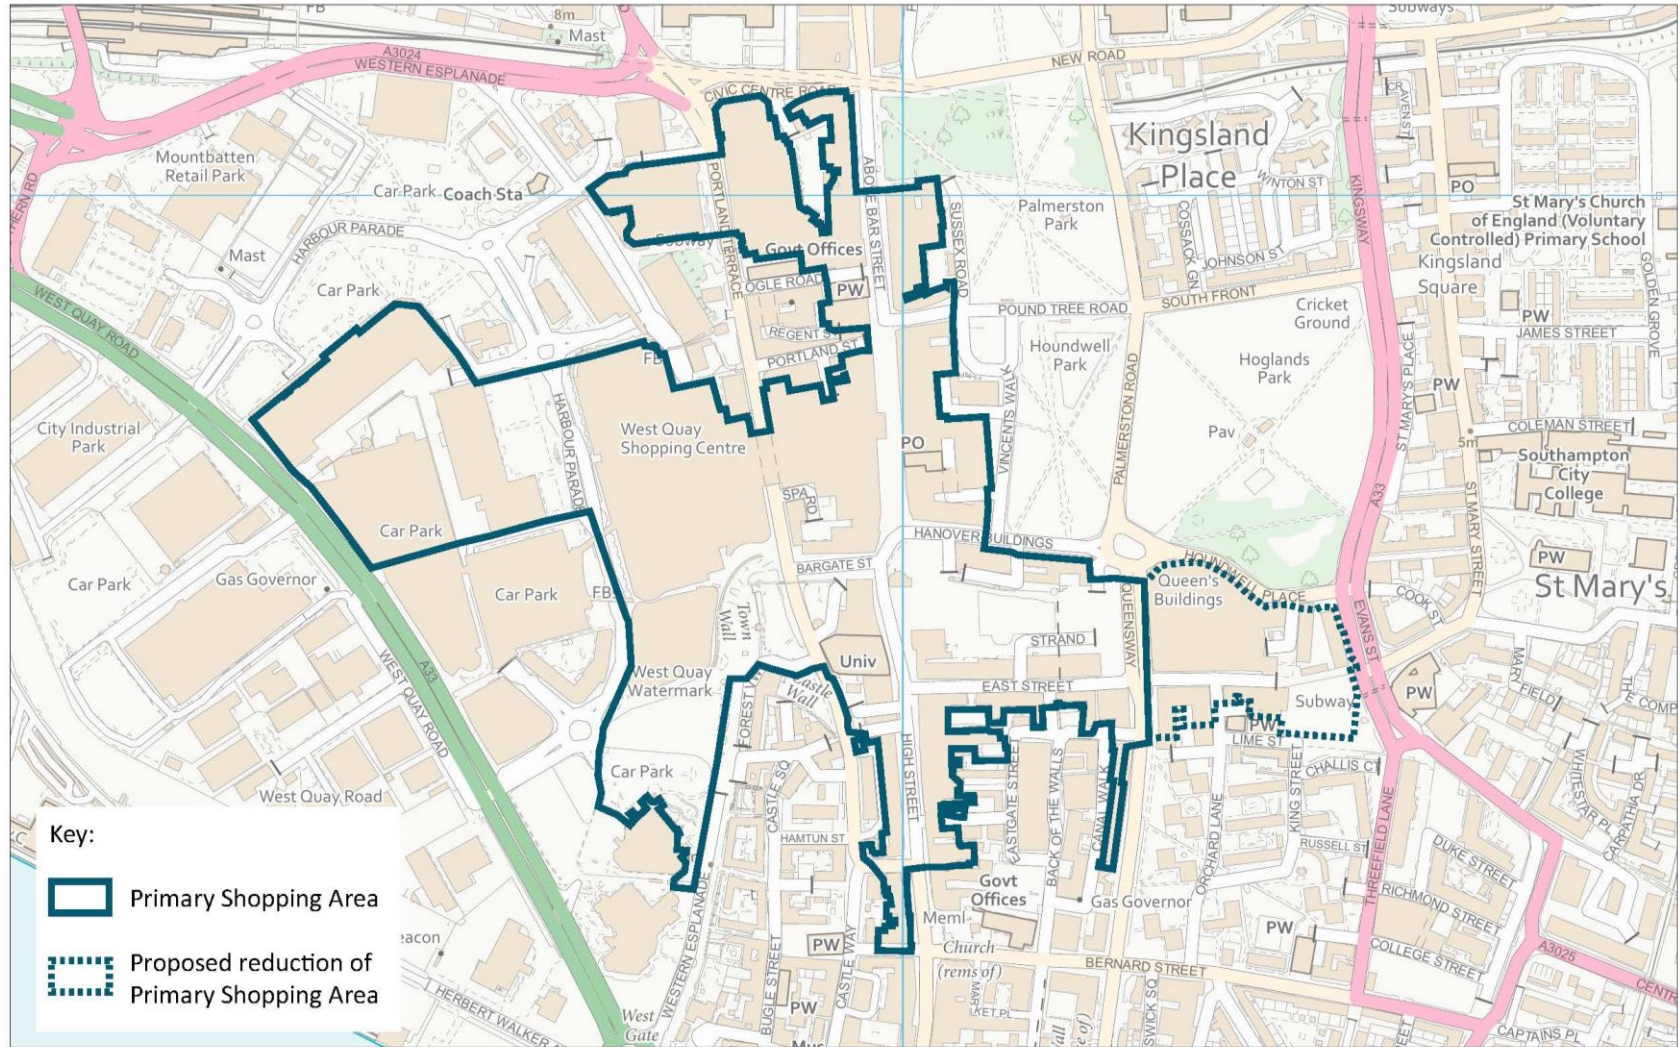

The current Policies Map illustrates the policies in the adopted Southampton Local Plan Review (2006). The City Vision Local Plan will update the policies in the Local Plan Review. These include policies that allocate sites for new homes and employment uses and identify locations and areas where other policies will apply.

The draft City Vision Local Plan is published for consultation in October 2022. Some of its proposals in this plan will lead to changes in the current Policies Map. This booklet contains maps that illustrate these potential changes.
