<b>2022/23 CAPITAL OUTTURN POSITION</b>					
2.	The total General Fund capital expenditure in 2022/23 was £62.94M compared to a revised budget of £98.63M, giving a variance of £35.69M or 36.18% of the programme. 4.	The performance of individual capital programmes in 2022/23 is summarised in table 1 and 2.

### **CAPITAL FINANCING**

6. The resources used to finance the 2022/23 expenditure for the General Fund HRA capital programmes are summarised in table 3 below. The most significant source of financing for the General Fund was capital grants and for the HRA it was MRA financing.

7. Any deficit spend on individual schemes are financed from identified additional funding or from savings elsewhere within the programme. Programmes are

	required to balance their capital programmes within the resources available to them, this may result in reduced outputs where a deficit results in reductions being made elsewhere in the programme.																																
8.	The impact of scheme variances for 2022/23 on future years' capital expenditure will feed into future capital programme updates aligned to Council priorities.
