Further Comments:

As the responses received were generally in support of the proposals, so too were the comments made. These included:
- "Excellent idea to bring both facilities together."
- "These proposals look very positive for the city pupils in need of this type of provision. The location is always problematic for some – it is a long way from Harefield and Thornhill, but the pupils have managed to attend the Compass School, and have shown that they can travel the distance."
- "To have a base for Key Stage 1 & 2 is an excellent idea… I have nothing but praise for Alternative Learning."

As indicated above, one respondent did not support the proposals. The response stated that "the proposed location is completely untenable for pupils in the east of the city. Effectively, such a move would render PRU provision non-viable as an option for purchased support. The impact on permanent exclusions is, in my view, unacceptable."
