

TREASURY MANAGEMENT POLICY STATEMENT

1. INTRODUCTION AND BACKGROUND

- 1.1. In accordance with CIPFA's Code of Practice for Treasury Management in the Public Services the Council has regard to the key recommendations when determining the current strategy.
- 1.2. Accordingly, the Council will create and maintain, as the cornerstones for effective treasury management: -
 - A treasury management policy statement, stating the policies, objectives, and approach to risk management of its treasury management activities.
 - Suitable Treasury Management Practices (TMPs), setting out the way the Council will seek to achieve those policies and objectives, and prescribing how it will manage and control those activities.
- 1.3. The Council delegates responsibility for the implementation and monitoring of its treasury management policies and practices to Governance Committee and for the execution and administration of treasury management decisions to the Chief Financial Officer, who will act in accordance with the organisation's policy statement and TMPs and CIPFA's Standard of Professional Practice on Treasury Management.
- 1.4. Governance Committee will receive reports on its treasury management policies, practices and activities including, as a minimum, an annual strategy and plan in advance of the year, a mid-year review and an annual report after its close, in the form prescribed in its TMPs.
- 1.5. The Council nominates Governance Committee to be responsible for ensuring effective scrutiny of the treasury management strategy and policies.

2. POLICIES AND OBJECTIVES OF TREASURY MANAGEMENT ACTIVITIES

- 2.1. The Council defines its treasury management activities as:

"The management of the Council's investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks."

- 2.2. The Council regards the successful identification, monitoring and control of risk to be the prime criteria by which the effectiveness of its treasury management activities will be measured. Accordingly, the analysis and reporting of treasury

management activities will focus on their risk implications for the organisation, and any financial instruments entered into to manage these risks.

- 2.3. The Council acknowledges that effective treasury management will provide support towards the achievement of its business and service objectives. It is therefore committed to the principles of achieving value for money in treasury management, and to employing suitable performance measurement techniques, within the context of effective risk management.
- 2.4. The Council's borrowing will be affordable, sustainable and prudent and consideration will be given to the management of interest rate risk and refinancing risk. The source from which the borrowing is taken and the type of borrowing should allow the Council transparency and control over its debt.
- 2.5. The Council's primary objective in relation to investments remains the security of capital. The liquidity or accessibility of the Authority's investments followed by the yield earned on investments remain important but are secondary considerations.
