Decision / Reason

Decision: to enter into a 3 year consultancy services agreement relating to the provision of consultancy services for safeguarding children and young people in Southampton. The service will develop and implement a broad vision for safeguarding that is as much about safeguarding the educational, health and well-being outcomes for children and young people as it is the social care outcomes, and which enthuses the broad range of professionals to work in integrated ways to deliver much improved outcomes for children and young people with additional needs.

Reason: a consultancy services agreement has been negotiated as it provides the most suitable method of the service required.
