Appendix 1a.

How do we get a better deal for private sector renters in Southampton? - Final Report Recommendations

| <u>#</u> | Recommendation | Accepted? (Y/N) | Draft Response / Associated Actions | Lead Executive Director |
|----------|---|--------------------|--|-------------------------------|
| Aff | ordability of renting in the private rented se | ector | | <u> </u> |
| To i | mprove the affordability of private rented h | ousing in Sou | thampton the following actions are recommended: | |
| 1 | That the final version of Southampton City Vision Local Plan retains the ambitious housing delivery figures for the city, maintains an ambitious policy position for the delivery of affordable housing through major planning applications, and that the Council commits to facilitating the delivery of 8,000 affordable homes by 2040. | Y | Local Planning Authority housing targets are dictated by the Government's standard methodology for calculating housing need. The emerging Southampton City Vision Local Plan does, and will continue to, use the Government's adopted method for its housing need calculation. The emerging plan will also maintain an ambitious policy position for the delivery of affordable housing, but the percentage of affordable homes to be sought on major applications will be determined by the resulting of specialist evidence. Using this evidence to make the decision on the correct level of affordable housing contribution for new development is required to ensure the emerging policy is considered 'sound', as required by paragraph 35 of the National Planning Policy Framework (NPPF), and therefore defensible at independent examination. It is not the role of the Local Plan to provide a commitment to the exact number of affordable homes to be delivered, rather this is a decision for Cabinet given the complexities of affordable housing delivery which will likely need input from various Council teams and partners, plus additional evidence/analysis, to ensure the decision is made from a well-informed position. | Stephen Haynes |
| 2 | That partners develop and update a database of market rent levels in Southampton to support the work of the Valuation Office. | Y | This will be explored with the Data team | Debbie Ward |

After some further work, conversations were had with a possible provider, however it became clear that the cost of such a survey would be circa £500K. Built into the MTFS is a budget of £250K in 2025/26 for this. There was originally a £250K allocation 2024/25 too but this was ultimately taken as a one-off saving as part of the 2024/25 budget setting process. In order for the survey to be completed, an additional budget allocation of at least £250K is required.mprement the pyramid of responsive regulation approact:YUsing examples of best practice, improve the information, advice and guidance provided to landlord sund tenants, and utilise landlord forums and other opportunities to build relationships with stateholders.YAn exercise and review was undertaken on landlord accreditation in December 2022 and a Cabinet briefing provided. At the time it was decided that there was insufficient funding and resource to is provide an in-house scheme and that there was not a political desire to oursource this. The deal decidation was therefore was not a political desire to oursource this. The deal of accreditation was therefore |

| | resources on landlords and agents that show no sign of meeting standards voluntarily. | | | |
|-----|--|-----------------|--|----------------|
| 7 | Review the new operating and enforcement guidance for local authorities to be published by Government and identify opportunities to utilise the full range of informal and formal enforcement powers available to the Council. The use of Civil Penalty Notices, designating a new HMO additional licensing scheme, and a selective licensing scheme in the city should be considered as part of the review, following the recognised best practice examples provided in this report. | Y | New operating guidance has not been published yet. The change in government in May has delayed new regulation e.g. Renters Reform Bill. This is now due to go to second reading & planned enactment by spring 2025. Civil penalty notices (CPN) are being used by SCC Private Sector Housing & HMO licensing teams. The first CPNs were issued in August 2024. These will now be used as a first means of action in relation to certain housing offences. A new additional HMO licensing scheme is being proposed in Autumn 2024 for designation and introduction in Spring 2025. Before any selective licensing scheme is considered, a full City- Wide stock condition survey is required to gather evidence for justification of any scheme. | Debbie Ward |
| 8 | Undertake economic activity modelling to identify the additional resources required to deliver a comprehensive proactive and responsive regulatory approach to enforcement of the private rented sector in Southampton. | Y | The private rented sector housing regulation function is within scope of the Regulatory Services Development transformation project Phase 1 of this project is currently under way and involves analyses of service activities and responsibilities to enable rationalisation decisions to be made (i.e. should activities cease, continue or be adapted), defining the scope of SCC's future regulatory services. Phase 2 of the project will be the redesign of these retained services' systems and processes to maximise value added by staff resources. | Debbie Ward |
| Тор | provide transparency to the Council's appro | oach, utilise a | vailable expertise, and demonstrate political commitment: | • |
| 9 | Develop a Private Rented Sector Strategy for the city that articulates Southampton City Council's strategic vision, standards and approach to intervening in Southampton's private rented sector. | Y | The housing strategy 2016-2025 previously detailed SCCs vision and priorities for the City's housing. A new strategy will be developed in conjunction with other teams, PSH, HMO licensing, Homelessness, planning etc & will be put before Cabinet in 2025. | Debbie Ward |
